***ANTIFA**

Antifa represents organized and continuous intimidation and physical violence for hire. They will act against whoever is against their credence of anarchy with no government. They are communists, they think all real property should be communal.

Antifa does not “seek peace” with anybody in any way, and never plans a “peaceful protest.” Antifa is supportive of the left and the DSA is its political ally. It bypasses or ignores traditional government forums and authority to attack conservatives directly through verbal abuse, including ridicule, and violence. Such techniques stem from traditional Marxism.

Antifa arose from paramilitary factions and has been likened to a militia for hire. Marxist Antifa-progenitors first arose in the Russian Revolution starting in 1917 and were instrumental in bringing down the Russian government. Antifa groups then migrated to Spain, Italy, and Germany.

The goal was to establish a communist dictatorship through violence. They wanted to do to Spain, Italy, and Germany what they had done to Russia, help overthrow the government through Marxist violent revolution. The largest Antifa organization was officially named in 1932 as an affiliate of the communist Party of Germany and also had paramilitary roots.

Antifa was under the leadership of the committed Stalinist and leader of the communist Party of Germany, Ernst Thälmann.

The terrorist group was so ruthless and violent that they drove many Germans to vote for Hitler's Socialist Workers

Party instead, which would become their sworn enemy and downfall. Thalmann's fate was alleged to be shot in a Nazi concentration camp after a long prison term.

Trotsky, in the 30s, had called for the fighting squads organized into para-military combat detachments. The goal was nothing less than world revolution. Trotsky took advantage of the generous support provided by elite Western industrialists. We will discuss Trotsky in more detail in a later section.

Post World War II, there were not many fascists around, so there were not many Antifa either. Antifa hibernated until it began to experience a resurgence in the 1970s. On June 21, 1973, a group called the *Ligue Communiste* (communist league) who labeled themselves as French followers of Trotskyism battled in the streets against a far-right group called *Ordre Nouveau* (New Order.) More than 70 police sustained injuries in the violent street fight. Both organizations found themselves banned soon after.

The *Socialist Workers Party* (SWP) formed an Anti-Nazi League later in the 1970s in the UK, and, in 1981, a spin-off called *Red Action* was born.

The fall of the Berlin Wall in 1989 catalyzed a Neo-Nazi movement in Germany which drew the attention of German anti-fascists, or German communists, who carried the same name and violent tactics.

***SATANISTS AND ALLIANCES**

Some Antifa members today are also Satanists, like the Dayton Shooter, and most are loyal allies to the Democrat Socialists of America, which are some 66,000 strong as of May 2020. In August of 2019, the Democrat Socialists of America officially established an anti-fascist working group. On the website for the Seattle chapter of the Democrat Socialists of America on August 6, 2018, they declared themselves “anti-fascists,” and who would stop “Nazi” Proud Boys and Patriot Prayer from rallying, echoing the standard Antifa rhetoric. The rest is history, there were massive brawls in the streets involving Antifa and the “Nazis.”

The Los Angeles chapter of the Democrat Socialists of America bragged about how they had run some Proud Boys out of a bar, shouting classic Antifa slogans calling them “Nazis” and “KKK.”

***TERRORISTS FOR HIRE**

Rather than strict ideologues, modern Antifa groups are more like terrorists for hire who use communism, anarchy, and Satanism ideology to recruit new members and as excuses to commit mayhem for money and opportunities for looting. The Dayton shooter was an Antifa supporter and DSA supporter and wore a vest bearing "Against All Gods" and occult patches.

The Dayton shooter's notebook shows the devil's pentagram and direct references to Lucifer. See my Youtube channel at WhiteHatRevolution for photos.

Modern Antifa groups in the United States and Europe have been documented to receive funding and support from Leftist radicals such as George Soros Open Society groups.

An article from a major publication on June 11, 2020, features an undercover video on a group called Refuse Fascism from Project Veritas that shows who is putting up the money for Antifa and other militant groups. George Soros, Tom Steyer, and former Hillary Clinton campaign members head up the list but those from Silicon Valley were a surprise.

Antifa's behavior has been likened to the intimidating goon squads of Hitler's Brown Shirts or Mussolini's Black Shirts. They are for hire, both domestically and internationally.

Recently they tried to shut down any free speech or protests by conservatives in the United States and Europe. East Germany is another Antifa epicenter much like Portland, Oregon. Antifa joined the Occupy Wall Street movement in America.

Antifa, if anything, are communists but who don't want organized government at all, but are very organized themselves.

communism was invented by rich bankers and industrialists of England, France, and the United States to topple governments and replace them with a totalitarian rule. The Rothschilds banking magnate family funded two communist authors to create communism out of concepts of Satanism, Adam Weishaupt of the Illuminati around 1776, and Karl Marx in the mid 19th century.

This book not only explores the history of Antifa and its ideology and its main actions but also explores in depth the origin and nature of Marxism as arising from a foundation of Satanism directed against the Christian Church and all its controls. Evidence that Karl Marx was a Satanist is presented.

Karl Marx's communist Manifesto had remarkable similarities to Weishaupt's writings, and some say he plagiarized them. Weishaupt and Marx invented a Satanic form of communism that would facilitate the Rothschilds--along with other wealthy industrialists-- the takeover of governments.

Communism was first theorized as applied to Satanism to topple Christian government leaders.

Satanism, as the antithesis of God, was the epitome of continuous anti-moral destruction of lives and property. At the heart of Marxist communist theory was the continual and often violent destruction of all society and government so that a totalitarian communist regime could take over and exploit the country's resources and people. This was achieved under the guise of "helping" or uniting the

common workers, or peasants, or the poor in general--who invariably fared worse or even died after the takeover. As anarchists and communists, Antifa groups fit the Marxist mold for revolution perfectly. Some are, indeed, Satanists, you can see it in their signage and website. We see coordination between Deep State Globalists like George Soros and the CCP, the American Democrat Party, and Antifa, and Black Lives Matter.

In summary, Marxism, and later Maoism, were based on Satanic principles for the explicit purpose of first toppling governments and then taking totalitarian control.

President Trump considered designating Antifa as a terrorist organization after Journalist Andy Ngo I was assaulted by 15 Antifa members and suffered a brain injury.

President Trump Promised to level Antifa as a terrorist organization after the riots were started after the tragic George Floyd incident in May of 2020. The modern-day Deep State led by the Trilateral Commission and Council on Foreign Relations and the biggest corporations want to supplant the US government. Antifa is against both the US government and big fascist corporations. Anarchy on the streets serves to stop government function. Antifa-led riots happen in mostly Left-Wing cities run by Democrats where they have little risk of prosecution. They joined the Black Lives Matter movement in May of 2020 who protested the arrest and apparent murder of George Floyd but also destroyed black communities. For example, Minneapolis had a black mayor and police chief, Minnesota had a black attorney general, and a black President, Barack Obama, for eight years, yet was encouraged by the Left to accuse everyone of blanket racism against them because a white policeman killed a black suspect. Antifa and other rioters in mobs have been brainwashed through institutional

communism, the result of a Gramscian infection over decades, and propaganda to think that they are fighting against fascism when they are promoting it. The Antifa name means "anti-fascist," but they are one of the most fascist groups because they deny free-speech to anyone who opposes their view. Riots and mobs are used to suspend government operations and a healthy economy in hopes of taking over control of the government and the citizens.

In 2020, and before, there appears to be a collusion between Antifa, BLM, and the Democrats, achieved through the DSA, to continue to disrupt the economy, create wider racial divides and anarchy, and to remove Trump from the White House.

After the George Floyd incident, according to Tucker Carlson, BLM is acting more like a political party than a protest group. DiscoverTheNetworks labeled them a black supremacy group. They are applying mob politics to get what they want, for example, the defunding and crippling of police departments.

Antifa denies the legitimacy of the United State's very existence. Therefore the people who support, protect, and preserve it are just as illegitimate. This includes the police. Antifa continuously constructs a culture of non-cooperation with any form of law enforcement or other branches of government.

Antonio Gramsci's march of communism penetrated all institutions and was an organized infection that started in the 1960s driven by people like Saul Alinksy who was Hillary Clinton's mentor and well-connected to the famous Chicago Cabal and Mob. The Deep State is combining Gramsci with Marx, who believed revolution could only be achieved by a violent takeover.

As of May 2020, in my opinion, the Trilateral Commission and its peers of the Deep State-supported Antifa and Black Lives Matter, both heavily funded by people like George Soros, and aligned with innumerable communist revolutionary groups, to attack our cities to initiate a Civil War and attempted coup under the guise of revenge for George Floyd. This was preceded by a pandemic that was planned by the Deep State.

Robert O'Brien, U.S. National Security Adviser, made statements that suggested that Antifa was responsible for the organization of the George Floyd violence. He pointed out that they used fireworks, gasoline, and Molotov cocktails to burn cars and buildings.

Attorney General Barr noted in late May of 2020 that the George Floyd riots showed planned and organized Antifa-style violence, and arose from anarchists and other extremist groups from the Left. Many rioters came from outside state borders to promote violence which is a federal crime. President Trump also had blamed Antifa and Leftist groups for looting and rioting and was unrelated to George Floyd.

The tragic George Floyd incident gave the Globalists the perfect cover to begin a Civil War in the streets and to try and increase racial divides towards more anarchy. If the George Floyd incident had not occurred, the Globalists would have created another catalyst or a false flag to start the riots. Make no mistake, this is a global war against not only China but all of the Globalists which includes many of our own Democrats. What is going on is classic Deep State strategy: create situations so world governments spend tons of money so the Deep State can lend tons of money to them, arm all participants, and spread disease that they have medications and vaccines for, all for huge profits as they try

to regain control of the White House. At the same time, they continually attack the traditional social fabric of America, and especially Christian values because many of Trump's supporters are Christian.

***ANTIFA ARE FUNDED TO ATTACK TRUMP**

One can gauge the popularity and growth of Antifa and other anarchist and communist groups by their website traffic. One such website is *ItsGoingDown.org* which describes itself as a digital community center for anti-fascist, anarchist, and anti-colonial and autonomous anti-capitalist, movements. Their stated mission is to offer a resilient platform to promote revolution. They reach Mexico and Canada as well as the United States.

The *ItsGoingDown.org* website had a paltry 300 hits per day in 2015 before the Presidential election in the United States. Only six months into Trump's Presidency, the number of hits per day was up to 15,000, a 50 fold increase. By mid-August, it had 23,000, almost an 80 fold increase compared to 2015, occasional days approaching 40,000 hits.

The increase in popularity for Antifa-type websites in 2017 was tied to Trump's win, and the question is whether there was recruitment paid for by Deep State players such as George Soros and Tom Steyer. Violence rang out between Antifa-like anarchists and conservative groups in 2017. Portland and Seattle were hot beds for protests, verbal confrontations, fist-fights, cement milk-shake throwing, fires, and firearm discharges. This book will show the evidence that there was funding from the anti-Trump Deep State.

***ANTIFA, PORTLAND, AND WHY THE COMMUNISTS PUSH GUN CONTROL**

The Democrats' push for gun control and the continuous assault on our 2nd amendment is not about saving human lives like they falsely claim.

Most Democrats support abortion which is murder. Given that babies are people, even in the womb, guess what most people die of in the United States each year. Abortion! Each year there are up to 800,000 recorded abortions in the United States. Only about 40,000 die from *all* types of gunshot wounds per year and many of those are suicides. So twenty times more people die from abortions than gunshots, approximately.

[The Obama regime, along with the Muslim Brotherhood, helped form ISIS and ISIL which slaughtered thousands of Northern Iraqi Christians to take their oil.](#)

The Democrats didn't say a word.

Eric Holder and Obama's Operation Fast and Furious-supplied guns to Mexican cartels. People were killed by Holder and Obama's master plan, including at least one DEA agent. Obama continued six wars, and even escalated the war in Afghanistan, by increasing troops by 300%. It became known as "Obama's War." Not a peep from the Democrats.

Obama droned-killed like he was playing a video game as a disgruntled teenager on too much caffeine. Some American citizens abroad, without any hint of due process or trial, died by targeted drone attacks.

However, if an American wants to exercise their second amendment right and own a gun, the Democrats go berserk and point to a handful of mass shootings by wackos, or

black-on-black or Hispanic-on-Hispanic gang violence to not let hundreds of millions own a gun at all in an increasingly violent America. They don't mention the heavily armed and violence and crime-ridden "No-Go-Zones" that their Islamic mega-donors establish around the world. They don't mention these zones because it's part of their plan for Anarchy and Jihad.

If we assume that they don't care about human life, then we have to assume that they don't want us Americans to own guns for other reasons.

One obvious reason for a push for no guns is that a defenseless population cannot stand up to tyranny from the government or mob rule.

Using mass immigration to boost voting power and bring in more obedient slaves, within the context of a total Civilization Jihad, a progression towards tyranny anchors the grand Democratic Deception.

Tyranny is a totalitarian, fascist, and oppressive "politically correct" but "civil rights are but a dream" type of government. There is a ruling class or dictator that runs everything, tells everybody what to do, and not to do, and this keeps the rulers in power. It's like Obama surrounded by a billion Antifa. They take most of the wealth. They intentionally keep the masses weak, hungry, and defenseless without arms, while running state media to brainwash the population and censor the truth.

Rulers might be: Kings and Queens, a Hitler, a Putin, a Mussolini, a Nicolás Maduro, a group of Socialist Democrats, a Caliphate, or a Fascist Transnational Deep State Regime like we had (have) with puppet Obama, the Marxist Islamo-communist

The history of strict gun control is as long as the history of tyranny.

Historian Stephen Halbrook strived to offer us the first presentation claiming that Hitler applied gun control to make the Jewish people of Germany and his other political opponents defenseless.

Hitler stated that permitting “subject races” marked for extermination would be a mistake only fools would make. Wayne LaPierre, of the National Rifle Association, confirmed when he stated that he believed Nazi policies and laws enabled the Holocaust by reducing risk for resistance.

These historical facts about Hitler implementing gun control against the Jews and other groups provide one basis for 2nd Amendment rights serving as part of “security against tyranny.” Other historical genocides have served to support the same argument, for example, with the genocide by Pol Pot and the Khmer Rouge.

One can also make the argument that our government tried to shut down our militias to reduce our ability to resist tyranny.

So don't be fooled when the Democrats jump on any headline that includes guns, or gunshots in the night, or a boy that fired a cap-gun, and start ranting about stricter gun control.

Chicago has some of the strictest gun control laws but one of the highest murder rates. Only about 26% of murderers in Chicago get caught compared to about a 60% rate for the rest of the nation. Why? Democrat “Alternative Justice” installed by the Globalist communist/Fascist regime of Obama, George Soros, Kamala Harris, Rahm Emmanuel, and Kim Foxx among others.

The communists and Fascists want the communist and Fascists to be the only ones with guns.

I covered alternative justice and how it relates to Antifa in detail in my book, [LIES](#), about Jussie Smollett, because this is how Jussie Smollett got off so easily at the whim of a single prosecutor. Alternative justice means the all-powerful prosecutors earn extra fees and the criminals that fit the Democratic Deep State agenda walk free.

We caught the communist regime in Chicago red-handed. (pun intended). That's one reason the Jussie Smollett story is so important.

The Democrats want anarchy in the streets and terrified citizens to be unprotected in a violent crime-ridden society. They can shut down the streets anytime with Antifa with their assault gloves and their quick-dry cement milkshakes. The Democrats want people to be scared and to think they need even more government legislation and spending that won't solve the problem, but only make the people poorer and with fewer rights.

***ENTER THE GOONS**

“Black bloc” is the name given to the fashion statement made by Antifa that first arose with increased riots in the 1980s. They wear mostly black masks and/or scarves, almost everything else is black, too, and are so covered up it is difficult to ID them at all. They travel in attack packs, and surround those packs with support Antifa to shield them, so it is even more difficult to prosecute any one of them. Such a group apparently had planned an attack against conservative journalist and Twitter warrior Andy Ngo who filmed Antifa in action and tweeted about them. At a “protest,” he found himself under assault by no less than 12 Antifa in Portland in June of 2019. After punches to the head with assault gloves, quick-drying cement milkshakes were thrown with impunity, and multiple kicks, and he was taken to the hospital and found to have a brain bleed.

***TACTICS**

"Doxxing" employs cyber assaults to reveal the identity of an opponent and their data and familial relationships. They launch cyberattacks to identify an opponent and reveal their place of residence, familial relationships, and other personal data. Then the victim falls prey to harassment, threats of violence, or theft of identity and money.

If Antifa can't manage to intimidate a speaker into not speaking, they employ a technique called "de-platforming" which negates their free speech rights. Antifa makes loud and obnoxious noise with group chants, airhorns, and/or bullhorns so that it is nearly impossible to hear the speaker. Antifa also blocks anyone trying to assemble around the speaker to listen.

Antifa is a militia for hire, some have paramilitary training, and some have even fought in foreign wars as terrorists like in the YPK in Syria.

Antifa battle plans are color-coded. Law-breaking Antifa, who willingly risk arrest, are designated as "Reds." They become heroes after a successful attack. Reds, who always wear bandanas that cover their faces, are surrounded by cloaking Antifa coded as "Yellows" who shield Reds from visual identification before and after a violent, law-breaking attack. Yellows don't participate in the attack themselves. There is a third grouping, color-coded "Greens," who also provide additional cover for the Reds. "Swarming" is the Antifa term applied to the surrounding of a victim for the Reds so that the Reds may approach them unnoticed. When the timing is right, the Reds spring out from the Yellows and Greens and make their assault. Screaming while holding up signs in the victims' faces distracts them as the Reds recede into the main Antifa crowd nameless zone.

***IN BAD COMPANY AND WITH A BAD PURPOSE**

Historically, fascist goon squads enforce tyranny. It was the "Black Shirts" for Fascist Mussolini. It was the "Brown Shirts" for Fascist/Socialist Hitler. Now it is the black garb and masks of Antifa, standard double-speak lies for "anti-fascist" Hint: the ones beating people up for expressing an opposing opinion, even on how to tie one's shoes, are the fascists.

Antifa have become the henchmen for the Deep State as represented by the DSA, the Squad and people like Bernie Sanders, Nancy Pelosi, Charles Schumer, Maxine Waters, Jerry Nadler, and Keith Ellison. Antifa's main ally is the DSA, which, in my opinion, relays orders from the rest of the Deep State.

Today, they have thousands of cells in the EU and the USA and other countries.

In a city like Chicago, Antifa members don't have to worry about getting prosecuted for assault. Soros and his "globalist" fascist/communist team are setting this up in other cities in California and Oregon, for example, Portland, to be ready for a bloody 2020 election.

One of his goals is to widen racial divides and to create social anarchy through buying and exploiting district attorneys. Soros pays protesters and some commit assault but is not charged or their charges are dropped through district attorneys he funded for their campaigns.

Soros's goal is to bribe his way into the justice system in selected municipalities where he can create riots in the streets and work to take down America from the inside out in favor of globalism. Globalist syndicates put elites like the EU leaders and the Commucrat Deep State in charge. Soros has

been putting big money into district attorneys since he hijacked Black Lives Matter, including those in Alameda County, San Diego, and Oregon.

To show the extent of the favoritism towards the anarchist movement, in Berkeley, California, which is in Alameda County, in August of 2018, police tweeted names, photos taken during bookings, and charges for 15 protesters in two events. Charges included carrying weapons that had been banned, battery on a police officer, resisting arrest, and disturbing the peace. Four, only four, out of 15 were ever charged and all of their cases were dismissed in court.

One reason the Squad is attacking Trump like a pack of rabid dogs is that he properly labeled them as communists who support terrorism, including Antifa. It was the Soviet communists in the early 20th century that introduced the idea of terrorism on innocent people to the Islamists. The Democratic Socialists of America, of which the Squad are members, is allied with Antifa members. This reveals their game, intent, and techniques of denouncement and verbal abuse to continue the Obama communist Deep State rape of America. Puppets entertain us as comical artificial figures manipulated by the hand or wires, or rods. Political puppets animate through the string-pulling of Deep States. They do and say the things that their Masters want them to do. Unlike their plastic, wood, and polyester counterparts, political puppets are not only manipulated by their Masters but serve to manipulate others, including the general public. They are the manipulators' manipulators. Stage puppets bring entertainment and humor to their audience. Political puppets bring hidden agendas, lies, and constant verbal abuse. They spew false allegations and accusations against the opposition. Sometimes they seek to stir up physical intimidation and violence.

***BLACK LIVES MATTER TEAMS UP WITH ANTIFA**

Black Lives Matter (BLM) is a black supremacist group which exploits perceived injustice to blacks for money and political power. The co-founders, Alicia Garza, Patrisse Cullors, and Opal Tometi, boast that they are "trained Marxists." Marxism preaches revolution through violence and was embraced by black activists decades ago. It underlies black liberation theology.

BLM idolizes and has deified a former Black Panther and convicted police-killer named Assata Shakur. She is the role model for BLM, best known for heading up a group that hunted down and killed white police officers.

Shakur joined the Republic of New Afrika in 1971, a black activist organization bent on creating a black republic that was independent of the United States in Alabama, Louisiana, Georgia, and South Carolina. New Afrika considered these former Democrat slave-owning states as "subjugated lands." New Afrika failed and Shakur moved to the first homeland of the Black Panthers, Oakland, California, and joined up. Apparently, she got her marching orders and went to New York to become a leader in the Harlem chapter of the Black Panthers. She also merged with the Black Liberation Army, a Black Panther spin-off responsible for the murders of a dozen or so white police officers in the early 1970s. Shakur led the hunting down of police officers for brutal assassinations." John Miller, former Assistant FBI Director, labeled Shakur as the Black Liberation Army's soul.

Shakur shot a policeman twice in the head with his own gun and was sentenced to 33 years. Allegedly with the help of Cuban terrorists, she escaped from prison in 1979, made the FBI's most wanted listed, and has been a fugitive ever since. She went into hiding first in the United States, then in

Mexico, and settled in Cuba where she is still believed to be alive after 40 years on the run.

The ItsGoingDown.org website proudly states that BLM is working with Antifa groups. This was readily apparent with their signage, social media posts, tactics, and activities in the CHAZ/CHOP Autonomous Zone. George Soros is indirectly funding both groups as a Deep State representative.

Black Lives Matter, its three founders, and some of its other leaders found themselves as co-defendants in a lawsuit for \$500M in damages for inciting violence towards police that caused the murders of five policemen in a Dallas July 2016 attack by alleged sniper Micah Xavier Johnson . Police officers cast accusations of conspiracy, assault, civil rights violations, and infliction of emotional distress. Co-defendants included Barack Obama, Hillary Clinton, George Soros, Eric Holder, Louis Farrakhan, the National Action Network, the New Black Panthers Party, and Al Sharpton.

Soros stood accused of giving \$650,000 directly to Black Lives Matters to encourage violence and death of police officers. The class-action lawsuit made the stunning claim that Soros gave over \$33M just in one year to Black Lives Matters and others to further racial divides to the point of warfare. The officers also accused George Soros of giving funds to over 80 entities or individuals to incite protests filled with violence in Ferguson, Missouri.

***ANTIFA GOONS AND THE DEMOCRAT SOCIALISTS OF AMERICA: ONE IN THE SAME AS FAR AS “ANTI-FASCISM” GOES**

Globalist George Soros has been accused of hijacking Black Lives Matter and funding activist groups Media Matters for America, MoveOn.org, Antifa, and the Tides Foundation to promote a communist-socialist, collectivist, and anti-white capitalism agenda. The end game is a Global communist Deep State that uses Antifa-type groups and Islamic goons to terrorize like Mussolini's Black Shirts or Hitler's Brown Shirts. communist and Jewish Antifa in pre-Nazi Germany was so violent and effective in terrorizing a population that it drove voters to support Hitler.

Communist Antifa and communist “Democratic” Socialists of America often make the same “Anti-Fascist” statements as demonstrated on their websites.

The communists use Antifa to prevent free speech and to intimidate through violence anybody who opposes them..

One of Soro's goals is to widen racial divides, a classic communist tactic, and to create social anarchy through buying and exploiting district attorneys to create alternative justice programs. Soros pays Antifa and Black Lives Matter (BLM,) Some Antifa and BLM members commit assault but are not charged, or their charges are dropped. Soros gave over \$400,000 to Kim Foxx of Chicago to run for state attorney. Soros has bought Antifa and Black Lives Matter legal protection in Portland, Chicago, San Francisco, and Berkeley, among other cities

The Globalist Deep State puts elites like the EU leaders and the Democratic leaders in charge of carrying out their

orders through government and/or terrorist groups like Antifa or Black Lives Matter.

***LEGAL BACKGROUND**

A form of a sentence diversion allows a defendant to participate in a rehabilitation program designed to curtail the behavior that led to the arrest. A formal conviction and criminal record are avoided if the defendant complies. The diversion programs are often run by a court, a district attorney's office, a police department, or an outside agency. Substantial fees might be charged by the prosecution, sometimes up to \$5,000 per charge. Because of the justice system backlogs, and emphasis on trials of violent offenders, diversion programs or alternative justice offer relief. The prosecution may be avoided by completing program requirements such as community service, education, restitution, or not exacerbating or expanding their crime. Successful completion of program requirements, usually over months, often will lead to dropping or reduction of the charges. The availability of diversion programs depends upon the jurisdiction, the nature of the crime, and in many cases the exercise of prosecutorial discretion.

A New York Times investigation in 2016 revealed prosecutors charged money for diversion and sometimes only people that had the money for fees could get diversion. Some jurisdictions quickly turned diversion into a source of revenue even though it had been touted as a money saver. Prosecutors exert almost total control over diversion, deciding who deserves what and at what price.

In the Jussie Smollet case, which should not have been tried by anyone in Kim Foxx's office in the first place, assistant prosecutors got Jussie's charges dismissed from an improper and highly unusual application of diversion, that was allegedly pre-arranged with Jussie's attorneys. Criminal acts by Kim Foxx and a public uproar led to reopening the case.

April 25, 2019

An article in Halsey News states that Kamala Harris and Kim Foxx took the stage as featured speakers on May 9, 2018, at Michael Skolnik's Soze Agency's Vote for Justice: An Evening of Empowerment with Artists and Activists. Vote for Justice works for reform of the justice system responsible for the generational and human costs of mass incarceration. They support the ACLU Campaign for Smart Justice which identifies candidates for office positions regarding criminal justice reform and ending mass incarceration. Another key speaker was Open Society Foundations President Patrick Gaspard. The Soze Agency worked with The Women's March, Planned Parenthood, Truth to Power, and Google among others, and leveraged social media into marches for Trayvon Martin, Mike Brown, and Eric Garner. Michael Skolnik co-founded hip hop label Def Jam Recordings and Globalgrind.com as well as Soze. He does not hide his association with George Soros' organizations. Soros invested heavily in both Hillary Clinton's and Barack Obama's campaigns. He teamed up his MoveOn.org army with Kamala Harris to try to stop Bret Kavanaugh's confirmation. Kamala Harris mentored Foxx both during her campaign and after she won the position of State Attorney.

The article ends with the question that if prosecutors are backed by big and target money that connects them to special interest groups, can alternative justice be blind? No. What we have here is a sophisticated nationwide political movement to skirt current laws and the entire legal system by buying up district attorneys to implement alternative-and arbitrary- justice programs. Justice on a case-by-case basis in states like Illinois, California, and Oregon become manipulated by the Left to serve their Deep State political agenda.

***WHO SUPPORTS RIOTERS INCLUDING ANTIFA**

JOE BIDEN

Presidential candidate for 2020. Joe Biden allowed 13 members of his campaign staff in June to donate to the Minnesota Freedom Fund which paid bail fees of rioters in Minneapolis. Biden said that protesters and rioters involved with the George Floyd movement have a right to be angry.

President Trump's camp found it quite disturbing that Biden would back the rioters hurting innocent people and their businesses.

HOLLYWOOD AND PROFESSIONAL SPORTS

Colin Kaepernick, Ben Schwartz, Seth Rogen, Steve Carell, Harry Styles, Chrissy Teigen, Cynthia Nixon, Janelle Monáe, Jameela Jamil, LeBron James, and Patton Oswalt all donated to bail funds for rioters.

GEORGE SOROS

Nonetheless, the left-wing billionaire George Soros has ties to Antifa through a group called The Alliance for Global Justice (), known as the Open Society Institute in 2004, connected Soros's globalist money to communist-Anarchists Antifa.

BEVERLY HILLS ANTIFA

In April of 2017, a chapter of Antifa in Beverly Hills, California posted a series of tweets demanding payment from George Soros for services rendered, including \$15 per hour per demonstrator.

They got paid because they were up and running again in July.

BERKELEY, CALIFORNIA

A Soros group, known as the Open Society Institute, donated \$100,000 to the Alliance for Global Justice (AfGJ), \$50,000 in 2004, and another \$50,000 in 2006. AfGJ gave \$50,000 to an unincorporated Antifa group called Refuse Fascism, an Antifa group, as a “fiscal sponsor” which are tax-exempt nonprofits that charge processing fees to represent donors.

According to Matthew Vadum from the Capital Research Center, AfGJ serves as the fiscal sponsor of Refuse Fascism. This group serves to back the Antifa movement. In 1998, AfGJ came into being from the efforts of the Nicaragua Network which supported the Sandinistas. The Sandinistas, who were Marxists, fought against the CIA-aided Contras in Nicaragua.

Just weeks after Donald Trump’s unexpected victory in November of 2016, Refuse Fascism came into being and labeled the Trump administration as “fascist.” Antifa believes “fascists” should not be allowed free speech. That is fascist.

AfGJ garners funding from Left-leaning organizations and companies such as the Arca Foundation, Foundation for Deep Ecology, the Ben and Jerry's Foundation, Bank of America, Fidelity Investments, Charles Schwab, Aetna, the Hill Snowden Foundation, the Brightwater fund, the New World Foundation, the Tides Foundation, and George Soros Open Society Foundations.

Rioters, including Antifa, on February 1, 2017, created \$500,000 in damage to buildings and seriously injuring a handful of people, for example, hitting people over the head with bicycle locks, successfully stopped conservative

blogger Milo Yiannopoulos from speaking at UC Berkeley. Soros had donated heavily to the Alameda County DA's campaign and none of the 14 arrested protestors were ever convicted of a crime.

A youtube video dated March 17, 2017, with over a million views features how he was paid by George Soros to protest and to organize other protestors in the form of a "pyramid scheme." He claimed he had organized most of the California Antifa "protests" which are more like incidents of terrorism performed for money. According to major news outlet Politico, even the liberal Obama Department of Homeland Security, who refused to call Islamic terrorists "Islamic terrorists," stated that Antifa groups committed "domestic terrorist violence."

***ANTIFA JOINS TERRORIST GROUP IN SYRIA**

Did you know that Antifa sent about 500 members to fight in Syria for the Kurdish PKK/YPG terrorist groups?

Antifa is not only a paramilitary militia, it has seasoned combat veterans who fought in northern Syria during Obama's presidency.

The Kurds are Marxists who want their own country. Antifa is helping them and maybe training for terrorist attacks on US soil according to the Turkish government.

Erdogan of Turkey accuses the Kurds of fomenting Antifa uprisings and violent attacks, including bombings, on USA soil. The Turkish Directorate of Communications that the international press claimed that Antifa, in northern Syria, underwent training by terrorist organizations.

Antifa members are terrorists and their supporters who hire out to the highest bidders.

PKK/YPG are designated terrorist groups according to five countries, including the USA. Antifa joining them also makes Antifa a terrorist group.

Antifa is an occupant of the Seattle Autonomous Zone as of June 2020, is sworn to destroy the United States government, has members who trained for terrorist acts in Syria, and yet Seattle Mayor Jenny Durkan calls the Zone's inhabitants "Patriots."

Durkan mandated that the police COULD NOT use tear gas to disperse violent rioters. A judge would add flash bombs and pepper balls.

The Obama Deep State had nominated Jenny Durkan for US Attorney for Washington (western portion) in 2009.

US AG Eric Holder went on an unprecedented crime spree that included arming and protecting from prosecution, drug cartels like Sinaloa and Hezbollah. Durkan was likely nominated because she was loyal to the Globalist Deep State and just as corruptible as Holder.

It also explains why Durkan is so hostile, disrespectful, and rude to Trump, even suggesting that he "go back to his bunker."

Since Antifa has established its participation in the Autonomous Zone both with signage and social media posts, it also suggests that ANTIFA IS WORKING WITH THE DEEP STATE.

Portland, NYC, LA, Nashville, and Chicago will be targeted for more Autonomous Zones.

***ANTIFA MAY BE WORKING WITH ISIS AND AL-QAEDA**

Ed Klein in his book [All Out War: The Plot to Destroy Trump](#) shared that a FBI evaluation of the violent anti-Trump resistance movements on college campuses, which would include Antifa, suggested that there was collusion between foreign terrorists like the Islamic State (ISIS) and Al Qaeda and American anarchists. The FBI is investigating three such anarchists from Oakland who traveled to meet with foreign terrorists and participate in riots.

***PROFILE**

A major news networked stereotyped Antifa members as society's fringe elements, usually Millennials, sometimes undocumented immigrants, sometimes Satanic occultists, mixed in with transgenders and other LGBTQ representatives, and if anybody had worked at all, it was at a minimum-wage level.

Antifa seems to be addicted to alcohol, heroin, cocaine, and meth as well as rage and violence. They get a drugged-up power rush from hate and violence. They enjoy breaking laws and rules that they think just don't apply to them. It empowers them. Stealing and committing violence are entitlements Antifa who generally come across as abusive, hateful, and toxic as representatives of the far communist and anarchist Left. Primitive tribalists, Antifa activists get a high from banding together for a noble cause centered on violence. They derive a great thrill from being united in a violent cause that they view as noble. Their perceived enemies are "evil." Or should we say misperceived enemies? One Antifa member called Ben Shapiro an evil Jew-hater. Shapiro is an avowed Jew. Like a hammer looking for nails, if one is rigidly an "anti-fascist" then one tends to label too many as fascists to stay active and relevant. There aren't many KKK or Nazis around, so capitalists, even compassionate ones, are "fascists?"

A psychological study based on Twitter posts for 10,000 subjects for extremist Antifa liberals and extremist Alt-Right conservatives concluded that the extremists from the left demonstrated more anxiety. Both groups showed lower positive emotion and higher negative emotion than control groups. The study was published in *EPJ Data Science* in May of 2019.

One conclusion was that one's general ideology and display of political extremity in particular perform as buffering factors for psychological distress.

Another common characteristic of Antifa members is a penchant for weapons of violence and battle equipment, including but not limited to firearms; bricks; knives; brass knuckles; clubs, sticks, and poles; chains; bottles; road flares; bullet-proof vests and sleeves; assault gloves; urine-filled bottle, shields, and pepper spray. Martial arts training is recommended and conceal-carry permits for guns. Antifa continuously wages a violent war against mostly falsely accused "fascist" enemies, like *Starbucks*. Apparently many get paid for doing so. They are part of the goon squad for the Deep State, manipulating non-whites and complicit liberal whites into attacking traditional white America.

If hard drug use is common among Antifa, and jobs are not, how are they surviving financially? Do they live with parents? Do they receive government welfare? The evidence for financial support from Leftists like Soros and Steyer, and other "Social Justice" institutions becomes even more important to feed, arm, and transport Antifa for a major rally. Emergency medical care is also provided, as well as bail money, and, in some cases, legal representation if arrested. This is why Soros worked so hard to put "alternative justice" in place, to cut costs and to keep Antifa and violent BLM members on the streets. The argument that Antifa are thugs for hire makes sense. Occasional looting and consistent stealing can only go so far to make ends meet, even though over 60% are employed, many apparently have low-wage jobs. A *Heat Street* study found that violent Antifa rioters, 92% of the time, live with their parents. Most, 72%, are between the age of 18 to 29. Males comprise 84% of the violent offenders. Nearly 90% were single. Over half, or 66%,

were found to be employed in some capacity, but that means 34% are unemployed.

***ANTIFA U: CAMPUS RECRUITMENT**

According to the Open Syllabus Project by *Marketwatch*, as of 2020, Karl Marx's *Communist Manifesto* is the most assigned textbook in all US colleges and universities appearing in over 3,100 syllabi. This is a hint of how far Communism has penetrated the colleges and universities. The Gramscian march of communism into the educational system, discussed in detail in later sections, and has been traditionally sanctioned by liberal governments and funded by taxpayers. Young people tend to be more impressionable and gullible and looking for leaders and some kind of movement to join that is trendy and rebellious. Marxism, when combined with courses and recruiters, fulfills that role.

The Muslim Student Association is one of the most powerful and, in fact, gave rise to many other Muslim groups in the United States, many of them radical that support terrorism and civilization jihad.

Rather than provide a practical education that will lead to success, including landing a job, the educational system in the Humanities seems to be designed to recruit Liberal Democrats as serfs for the Deep State agenda.

The Deep State does not want students to succeed by traditional measures, it wants them to do what the Deep State wants and be dependent upon it. Thus today's social studies intentionally emphasize ethnic and sexual identity and anti-white revolution to create animosity, frustration, vengeance, and divides.

Such an environment is perfect for recruiting members for Antifa, and especially from those who cannot make it as millennial successes like programmers or IT specialists, and who bear the marks of frustration or economic impotence.

Social Justice and Gender Identity majors will have trouble finding a job, which is exactly what the Deep State wants as it loans money at high interest rates for guaranteed student loans. If there is a default they will be paid off early with the bonus of late fees and penalties.

According to a major news network on June 12, 2020, United States universities serve as Antifa recruitment centers and a place to spread their ideology and propaganda. Although they don't dare publish policies that are supportive of Antifa directly, many Universities support Antifa by employing teachers who are sympathetic two or are actual members of Antifa.

Although most Antifa groups tend to avoid mass organization to remain cloaked, The Campus Antifascist Network (CAN) is different.

CAN infected campuses across the United States and with Trump's election has metastasized into over 400 chapters that include the University of Illinois, a classic communist, and anti-American hotbed, the University of Michigan, one of the same, the University of Connecticut, the University of Pennsylvania, the University of Pittsburgh, and Swarthmore College. CAN stuffs Antifa-promoting propaganda and "black bloc" dress techniques into the ears of disgruntled and gullible young students. The "Antifa" moniker reproduced itself more frequently, and more ubiquitously, paralleling the impressive overall organization despite the lack of headquarters or anointed leaders. This all happened once Trump was elected, suggesting that someone with organizational skills had put the Antifa movement together to help defeat Trump in 2020--someone like a shocked Deep State that crooked Hillary lost.

Some professors have participated in Antifa-like violence since Trump was elected. A community college professor and Antifa activist, Eric Clanton, entered a no contest plea to “misdemeanor” assault for allegedly striking President Trump supporters with a bike lock at a Berkeley rally in 2017--and some over the head. This should have been a felony assault-- but Alameda county is one county that receives lots of money from people like George Soros to go easy on Leftist criminals. He donates to the campaign funds for the State District Attorneys and they take care of the rest.

A University of Alabama professor who is an Egyptologist by the name of Sarah Parcak advised protesters on social media on how to bring down Confederate monuments, including step-by-step diagrams.

High-level academics even justify the violence associated with Antifa by blaming the police as the true source of the problem. Police are trying to stop a riot and the destruction of property by people armed with guns, knives, chemical sprays, cement milkshakes, Molotov cocktails, and clubs-- but the violence is their fault?

Violent incidents have been routine on college campuses starting about six months after Trump was elected. Many of these were staged, in a fascist way, to prevent conservatives or other speakers who were not aligned with the Democrat Left.

Universities don't do anything at all about Antifa on campus or nearby recruiting students. They are complicit. Many administrators support the communist and anarchist platform and then there's always worry about speaking out against a group that calls themselves “anti-fascist”-- even

though it would be hard to find a group that is more fascist than Antifa itself.

Professors post upcoming vents on the campuses and also provide an abundance of courses in the social sciences that are centered on revolutionary Marxism and that intentionally restrict critical thinking.

Antifa is smart in that they don't show a source of formal leadership or have an official headquarters. They exist in relatively autonomous cells but share a remarkably common message, much like ISIS.

They do have local "organizers" and those who step up and take control when necessary to be an efficient terrorist machine.

On or near campuses, Antifa rarely displays their beloved red and black flag, but they do congregate with their "black bloc" attire at rallies and events to establish their group identity and maintain a disguise en-masse.

In September of 2019, Antifa was caught openly recruiting on the University of Florida campus after disseminating flyers to recruit new arrivals with a tempting invitation to attend a "Radical Rush" event held by the "Gainesville Antifascists."

After repetitive exposure in class to radical ideology including anti-cop, anti-capitalist, and anti-American rhetoric, college students have been programmed to be receptive to groups like Antifa trying to recruit them. Being "woke" about "social justice" is trendy and pushes people up to higher on social ladders, like Pavlov's dogs.

The bottom line is that the taxpayers are footing the bill for violent organizations that want to destroy the US

government and capitalism and defund police departments. Antifa has found a way to benefit by organizing while remaining relatively anonymous because of a lack of traditional headquarters or leaders. They congregate for a riot and then disperse into the night into their splinter groups.

Communist and fascist professors at the university level glorify Antifa as freedom fighters who are noble when in reality they are a bunch of frustrated fascist hypocritical thrill-seeking criminal druggies who get paid for committing acts of violence and destroying property, and who take advantage of looting opportunities, and are in alliance with the DSA and the Deep State.

A Twitter account called “@Antifastats” which claims they get their data from criminal records and court documents, tweeted that the use of hard drugs regularly among those Antifa who were arrested approaches 80%. Heroin, cocaine, and meth are the top three choices. Check out my books [*Trafficker-in-Chief*](#) and [*Traitor's Legacy*](#) for how the Obama Administration was behind the surge in heroin and fentanyl from 2012 to 2016.

Professors openly declare their allegiance and promote Antifa events, requesting that students donate to bail funds.

The link between Antifa predators and their chosen campuses is a direct result of university hiring practices, and in my opinion, controlled by the Deep State through funding. Always follow the money sources.

The nearly complete scarcity of conservative, and even moderate professors, confirms that many universities have become efficient and prolific propaganda machines for anti-

American communists and fascists working with the Deep State.

***ANTIFA'S MAJOR ATTACKS**

***CHARLOTTESVILLE, VIRGINIA**

A litigation war still consumes Charlottesville to this day over the City's attempts to tear down Robert E. Lee and Stonewall Jackson statues from parks located downtown. Far-Right Pro-Confederate groups wanting to keep the statues for history's sake organized a "Unite the Right rally" on August 11 and 12, 2017. They protested against the removal of the Robert E. Lee statue from Lee Park which would later be renamed "Emancipation Park." A white pro-Confederate man, James Alex Fields Jr., intentionally barreled a car into protesters, killing anti-Confederate protester Heather Heyer, and injuring nearly 20 others. Antifa participated in the protest against the pro-Confederates, but did not appear to be in large numbers.

What were they afraid of? Soros had not bought off the District Attorneys yet in Virginia and the pro-Confederates included many white nationalists and in large numbers.

***GEORGE FLOYD PROTESTS AND RIOTS**

The tragic death of George Floyd, a black man, who died in the hands of four police officers on May 25, 2020, in Minneapolis, led to nationwide protests of police brutality against blacks and subsequent riots and looting.

Antifa played a major role.

According to major news agencies, Antifa had used social media to inform their members and supporters to loot stores, destroy cars, burn buildings, including government buildings, and attack police, one of their sworn enemies.

Members of Antifa traveled from across state borders to congregate at pre-selected sites for rioting. It was organized, it was coordinated, like an army.

U.S. Attorney General William Barr made public accusations against Antifa and other violent groups using Antifa-like tactics calling them outside agitators and radicals. President Trump called out Antifa as one of the instigators behind the riots and mayhem.

Over 800 police officers would be injured, and some were murdered with guns. Hundreds of millions in property damage tallied up quickly.

Antifa view property as symbolic of materialist wealth distribution that is unfair. Destruction of property becomes a noble act, a classic Marxist premise towards violent revolution for the sake of tearing down a government and society to take it over, including its property.

***MARTIN LUTHER KING CIVIC CENTER PARK, BERKELEY, CALIFORNIA**

On August 27, 2017, distraught with the election of conservative President Donald Trump and his promise to build a border wall to satisfy his constituents, a substantial gathering of Antifa in Berkeley, California, among a crowd of 4,000 people, stated that their goal was to permanently wipe the United States off the face of the earth. "No Trump, No Wall, No USA at All!"

They confronted a small gathering of conservatives forming a "Say No to Marxism Rally" at a local park. Approximately 100 Antifa-looking people, with masks, dressed all in black, and who were carrying clubs and shields, in other words a small medieval army, by-passed police lines and proceeded to disperse the conservatives with beatings and pepper spray.

The police had abandoned the conservatives altogether. This was Berkeley. The police chief for Berkeley had ordered his officers to stand down from the park, later claiming that the police actually doing police work would have created more violence.

Allowing conservatives to be doused with pepper spray and then beat Andy-Ngo style was acceptable.

***PRESIDENT TRUMP'S INAUGURATION**

On President Trump's inauguration day, January 20, 2017, protesters, including "black bloc" Antifa, started numerous fires with cars and buildings and tossed pieces of pavement to break business windows. Over 200 arrests followed. Violent attacks were emphasizing business destruction on enemy Starbucks and Bank of America, which they had symbolized as attacks on capitalism and corporate greed. Attacking a coffee shop is an affront to capitalism, or destroying a business service enjoyed by many people.

***AUTONOMOUS ZONE OR DEEP STATE PUPPET ZONE?**

The Chapel Hill Autonomous Zone or “CHAZ,” or later “CHOP,” for “Chapel Hill Occupied Protest,” was established by protestors led by Antifa and Black Lives Matter in Seattle around an abandoned police precinct. After taking control of the government and private property for six city blocks, they promptly erected barricades protected by armed guards, led by the John Brown Gun Club, an alleged wing of Antifa who promote the “demystification of guns.”. As CHAZ, they declared themselves as independent of the United States, but as CHOP, they recanted that position. CHAZ/CHOP made demands that mirrored the DSA: free illegal immigrants, give them free college education, and give them free healthcare.

Antifa and BLM established their participation in the Autonomous Zone with signage and social media posts.

Opinion: The Obama Deep State is likely behind the Autonomous Zone in Seattle, Washington. Seattle Mayor Democrat Jenny Durkan is suspected of telling Police Chief Carmen Best to abandon the precinct that would become the epicenter for the Autonomous Zone. So far Durkan has denied it.

Durkan's alleged order came two weeks after she mandated that the police could use tear gas to disperse violent rioters-which had worked well.

The Obama Deep State had nominated Jenny Durkan for US Attorney for Washington (western portion) in 2009. The Obama Deep State had weaponized the Department of Justice for its entire reign in office.

For a detailed and insightful analysis of what the Obama regime did and how it operated and why read these books

by yours truly:

[Obama: Traitors Legacy](#)
[The Obamas' Rape and Murder of America](#)
[Obama: Trafficker-In-Chief](#)

Related to the Obama Deep State buying up US Attorneys is also covered in [LIES](#) about the Jussie Smollett case.

US AG Eric Holder, as described in the first three books above, went on an unprecedented crime spree for the Obama Deep State that included arming, and protection from prosecution, drug cartels like Sinaloa, and Hezbollah. The Obama Deep State mostly emanated from Chicago and ran it "Chicago Style" with strong-arm crony politics. The Obama Deep State made appointments that would help the Deep State achieve its goal of fascist and communist rule of America, including its government.

This implies that Jenny Durkan was nominated for US Attorney for WA because she was dedicated to the Deep State and also corruptible. It also explains why Durkan is so hostile, disrespectful, and rude to Trump, even suggesting that he "go back to his bunker." Since government officials made the unheard-of decision to walk away from a police department in the middle of a capital city during times of riots, it also suggests that the Autonomous Zone is a Deep State planned event and more will be attempted to disrupt Trump's re-election. Antifa has established its participation in the Autonomous Zone both with signage and social media posts and on film leading the riots.

When you have Democrat government officials working to aid Antifa and BLM violence and now property takeover...It also suggests that ANTIFA AND BLM ARE WORKING WITH THE DEEP STATE. Portland, NYC, LA, and Chicago will be

among the targets for more Autonomous Zones because they are controlled by Deep State Democrats.

My opinion: This shows the collusion between Antifa and the Democrats to continue to disrupt the economy, create wider racial divides and anarchy, and to remove Trump from the White House.

This agenda is dictated by the Deep State.

***COMMUNIST WORKERS PARTY VS THE KKK**

The Communist Workers Party, in Greensboro, North Carolina on November 3, 1979, planned a march and rally against the Ku Klux Klan. Recall that communism, along with anarchy, is one of the cornerstones of the Antifa foundation. Their intent and feelings were clear. They called their anti-fascist rally "Death to the Klan." They "organized" a local group of black mill workers to join them in the rally.

Looking back on the incident, and understanding the communist and black activist movement to dethrone white Christian America, I'm wondering if there was intent to fuel a race war. This was Jesse Jackson's platform for running for President in 1984,

The Klansmen teamed up with some self-described "neo-Nazis."

Videos show the communists initiating the violence by attacking and kicking the cars transporting the KKK and neo-Nazi opposition, who, in turn, began discharging firearms into the crowd. The communists had been carrying concealed guns as they marched and returned gunfire. Five communists died from gunshots and another seven suffered wounds. Six Klansmen and neo-Nazi were charged with murder but managed to get acquitted on self-defense arguments. However, a civil case jury ruled that several Klansmen and neo-Nazis--and two Greensboro police officers--were responsible for the wrongful death of one of the communists and ordered to pay \$400,000 in damages.

***BACKSEAT TO OTHER MOVEMENTS**

Antifa causes took a back seat to other movements in the American 1990s and early 21st century. The Deep State's power drive with Clinton, Bush, and Obama for deregulated global capitalism overshadowed traditional fascists like Nazis or the KKK who had all but faded into the woodwork.

Instead, numerous Antifa groups joined up with the anti-globalization movements like the anti-World Trade Organization demonstrations held in Seattle in 1999, and then the Occupy Wall Street camp-outs beginning in 2011. Others focused on improving labor practices, education reform leading toward communism, rebellion through art, and anti-racist, pro-feminist. and LGBTQ movements.

Little did they know that their presidents for those 20 years, or so, had been placed there by the world capitalist leaders of the Trilateral Commission and the Council on Foreign Relations, and a man that had started at least six large-scale wars, Zbigniew Brzezinski.

***ATTACKS IN EUROPE**

In alliance with mass immigration and illegal immigration political groups, approximately 1,000 Antifa protestors led a riot. Joining a crowd of over 50,000 people, and wearing their traditional black bloc attire, they rioted to stop a convention by Alternative for Germany. This group stands against immigrant influx from countries plagued with terrorism in Northern Africa and the Middle-East. This riot happened in Cologne on April 22, 2017. The black-clad Antifa-appearing terrorists committed arson, broke windows, destroyed cars, and cast smoke bomb devices at some of the 4,000 police present. Their social media posts later confirmed their participation.

Antifa has large numbers of cells not only in Germany, and especially former communist East Germany, and the United States, but also the Netherlands, Sweden, Norway, France, Syria, and the Czech Republic. Recall that Antifa was labeled as "Antifa" in Germany, even though its cells originated in Russia during the revolution.

When President Trump suggested officially labeling Antifa as a terrorist group, German social media went wild with pro-Antifa, anti-Trump posts, and blogs.

On April 23, 2017, just one day after the Cologne, Germany, assault, Antifa led activists to form into a rioting army in Paris. They became convinced that Emmanuel Macron, a pro-immigrationist, including Muslims, was behind Presidential election opponent Marine Le Pen, an anti-illegal immigrationist.

May Day marches throughout Europe were disrupted by the same type of rioters a few days later.

A few months later, in July, Antifa participated in the large-scale riot targeting the Hamburg G20 summit. In just

three days, nearly 500 police officers sustained injuries, and almost 200 protesters found themselves under arrest. Another 200 or so protesters were detained briefly but released.

The next month, In August 2017, in Quebec, there was a protest against thousands of illegal Haitian immigrants from the USA into Canada. They Haitians feared that President Trump, unlike Obama, would enforce current immigration laws. Antifa pounced on the protesters, and with their violent riot, attacked the protesters, police, and a Global News team, destroying expensive cameras.

***ANTIFA PREPARATION FOR ORGANIZED RIOTS**

Was the George Floyd incident staged to incite riots worldwide to stifle the economy and scapegoat Trump?

Pushing George Floyd's face up to a surveillance camera for a good identification and putting a knee on his neck for nine minutes while everybody made sure that he could be seen and recorded saying "I can't breathe" are suspicious acts suggesting the murder could have been staged.

What white policeman in the year 2020 would deliberately put his knee on a black man under arrest for nine minutes and then not stop when people were hearing cries of "I can't breathe," cries that became one of the main slogans of the Black Lives Matter movement?

According to John Miller in a telephone news briefing to reporters, the New York Police Department's Deputy Commissioner for Intelligence and Counterterrorism, groups of anarchists had planned to create violent protests in New York.

Before the protests even began, Anarchist organizers made arrangements to have available medics and medical supplies because they were to engage in violent conflicts. They also made arrangements to raise bail money through a dedicated team. The Anarchists made plans to commit selective property damage, focusing on high-end stores run by the bigger corporations in wealthier areas.

The CIA and other Deep State factions have created numerous false flags, the most documented is the one for entering the Vietnam war, saying our battleships had been fired upon when they had not.

It is not beyond the realm of possibilities that the alleged murder of George Floyd was planned, staged, and filmed to trigger a racial war to help defeat Trump in November as it harmed the economy.

***ANTIFA MAY BE PLANNING AN ATTACK ON OUR SOUTHERN BORDER**

After FBI Director Christopher Wray confirmed examining the individuals and ideology associated with Antifa, a major news agency on May 1, 2020, shared that the FBI has launched an investigation into an Antifa plot to establish an armed rebellion at the United States Mexican border to disrupt military operations and law enforcement. The FBI published a preliminary report but did not release it online because the investigation is ongoing. The leaked FBI report alleged that Antifa was considering buying firearms for the rebellion from "Cobra Commander," a Mexican cartel leader. Copies of the report were distributed to U.S. Customs, the Department of Homeland Security, the CIA, Border Protection, and the National Security Administration.

***MS-13 AND SATANISM**

The body of a young Hispanic girl lay in a shallow grave in the Houston area. She had suffered repeated rape and also beatings meted out with baseball bats. Multiple hacks with machetes were a hint about the identity of the murderers. She was 14. The victim of a Satanic ritual, the tell-tale signature, by two MS-13 gang members would never be seen by her family again. Her family and friends would be emotionally scarred for life.

This was the first time official documentation of Satanism and murder had been recorded through the court systems regarding MS-13. The case also stood out because it had a witness who was willing to testify. This witness, a girl who was forced to take drugs, was also assaulted sexually in a brutal fashion many times. She was branded with a tattooed image of the Grim-Reaper from her knee to her ankle. She told the court what happened that horrible night. She had shared a room with the murder victim known only as Genesis who had made the fatal mistake of disrespecting the gang members' Satanic shrine. One of the murderers had offered the Beast a cigarette in an attempted atonement. Offerings of cigarettes, liquor, or drugs to Satan are commonplace in MS-13.

One of the murderers told of Satan's decision that the revered beast did not want a material offering. It demanded a soul.

The two defendants had waved and grinned at courtroom cameras during proceedings--not exactly contrite for murder so callous. Think of how the young girl's family must have felt seeing her accused murderers smiling. From a Satanist perspective, the murderers were mocking the entire host society they were trying to destroy, laughing in the face of

the victim's mourning and devastated family and justice itself.

***HELP FROM LA BESTIA**

In another MS-13 case court documents revealed what would be called in the media a Satanic murder.

MS stands for Mara Salvatrucha and the gangs associated with the Devil and Satanism are as old as the gang itself which originated in the 1970s.

Knifed a hundred times, dismembered, decapitated, and the heart ripped from his chest and thrown into the grave makes an obvious statement to both members and competitors--and police. Devil-worshiping metalheads, (Judas Priest was a favorite band to listen to) were some of the gang's founding fathers.

MS-13's uses Satanic tattoos, nicknames, and other symbols of the Devil. La Garra, the official hand-sign, means Satan's claws. La Bestia or the Beast is the real gang leader.

Scattering victims' organs on the ground in a pentagonal shape is characteristic of MS-13 Satanic murders.

One Mara Salvatrucha member shared the details of his initiation into the gang. They ventured into a cemetery and drank each other's blood to back-up their oath., They sliced their hands and then drained some blood into a cup to form a sick form of Bloody Mary. High on weed, they killed a local cat to seal the deal.

This is anything but a traditional initiation process and reeks of Satanism. This book will share the historical

documentation that communism first arose from occult concepts of Luciferianism and Satanism and that these belief systems were conjured up from hired occultists to usurp power from Christianity, and, in particular, the Catholic Church, beginning in France. Luciferianism, Satanism, and communism all propose a form of amorality in which restricting any form of Human desire is forbidden. Existing laws and social mores are to be disregarded and broken. Beating, raping, torture, and murder are justifiable to hard-core communists and Devil devotees who apply mind-game inventions under the pretense to exert power and gain control over others. In the case of the tenets of Lucifer and Satan, to attack Christianity, and in the case of communism, to attack Christianity and to manipulate entire nations for economic and political benefit.

Performing a Satanic murder ritual on a 14-year-old girl because she disrespected a shrine adorned with cigarettes, booze, and drugs, becomes just as absurd as sentencing someone to a Siberian gulag for 20 years for disrespecting Stalin. Starving millions of Russian peasant farmers and other citizens to build a military and industrial state after promising them shared wealth through communism seems absurd as well.

We will explore the history of early ideas and forms of communism and their origins and purpose--and there will be more than a few shocking surprises that reflect on what is happening in the modern world--and especially with today's Democratic and Socialists Parties in America and Europe. The con games of communism and Socialism have been perfected in the modern world but the deceit, attacks, power grab, and oppression remain the same as that first proposed in 1776.

President Trump claimed that MS-13 gang members and other similar gang members act like animals rather than people. Humans are part of the Animal Kingdom and one characteristic that distinguishes us as more highly evolved than mere animals is that our societies are built around morals and laws. Nancy Pelosi disagreed--to be a good communist, she must-- claiming that we are all God's children. Interesting that Pelosi would make this statement about MS-13 minions who have been associated with worshipping Satan since their inception. It is illogical to say that Satan worshippers are God's children. Satan worshippers are Satan's children.

It turns out that Nancy Pelosi, the Democratic Party, and especially the Democratic Deep State have a vested interest in defending MS-13 and other gangs that rape America with crime and drug sales and are paid to help to smuggle people over the southern border who include Islamic terrorists.

Read the full explanation and story in [*Trafficker-in-Chief*](#) or [*Traitor's Legacy*](#) by yours truly. The bottom line is that documented evidence shows that the Obama administration and its Deep State partnered with the Sinaloa Cartel for drug, weapon, and human trafficking for-profit and also to destabilize America. The heroin and fentanyl crises were intentional constructs by the Obama administration. MS-13 is linked up to the Sinaloa Cartel and is one of the main distributors of these and other illicit drugs that resulted in thousands upon thousands of overdoses and hundreds of thousands more ruined lives. These two books make a rock-solid case accusing Obama and his administration of communist allegiance and goals. Dominated by communist doctrines, the Democrats are convinced they are empowered by illegal immigration including the likes of MS-13. Let's be clear, in MS-13, the Democrat leadership has formed alliances that include admitted Satan worshippers. Although

we may understand the benefits of Satanism in terms of survival and effectiveness in the world of crime organizations, and the limited alternatives to live and reproduce, MS-13 represents a de-evolution of humanity into a barbarian state--one of the goals of communism. communists aim first to destroy a targeted society before replacing it with a communist State.

Thanks to MS-13 and other gangs, Los Angeles accounted for more murders per capita than even Washington, D.C. by the mid-1990s. Although MS-13 had been around for over 20 years at the time, suddenly it was a public safety issue. From 1993 to 2001, Bill Clinton served as our president. President Bill Clinton's second term administration claimed it was going to decrease gang violence by deporting MS-13 members by the thousands back to the Northern Triangle which was composed of Guatemala, El Salvador, and Honduras. The infusion of MS-13 overwhelmed the triangle which was plagued with corruption, war, and weak governments. MS-13 thrived and grew in the Northern Triangle--and re-entered the United States in even greater numbers and with better organization.

I documented that the Obama Administration, Iran, the Muslim Brotherhood, and others intentionally created, funded, and supplied with weapons, ISIS and ISIL as proxies for war in Libya, Syria, and Iraq to the benefit of American and EU companies and also to secure trafficking routes. Now I am wondering if Bill Clinton's administration and its unleashed rogue CIA which was already known for trafficking cocaine and arms in the Iran-Contra Affair, intentionally spiked up MS-13 presence through Northern Triangle recruitment efforts to distribute cocaine which was snorted and smoked as crack in Los Angeles during the same period. The Democratic administration allowed crack cocaine to devastate LA's black communities.

In addition to setting records for murders in United States cities, MS-13, and its rival gangs made the Northern Triangle the most violent place in a world that is not at war.

***THE HISTORY OF SATAN AND SOCIALISM**

Many MS-13 members routinely violate the Ten Commandments-- the priority for Satanists who want to demonstrate their antithesis to God. They bring a false idol before God, they murder, steal, commit adultery, and covet what belongs to others. I would wager that they have told a lie or two.

communism has also positioned itself to be the antithesis of God and Christianity and intentionally encourages behavior that violates the Ten Commandments. communism is an ideology that arose from mostly Ashkenazi Jews who had the intent to not only counter the totalitarian dictatorships backed by the Catholic Church but to overthrow them.

Karl Marx did not invent communism and is quoted as saying, "If anything is certain, it is that I, myself, am not a Marxist." Marx did not even invent the foundation of what would become known as Marxism. The founder of the Illuminati chapter in Bavaria in 1776 and a Freemason, a German and professor of ecclesiastical law at the University of Ingolstadt by the name of Adam Weishaupt, did. Weishaupt authored some of the first communist literature for general circulation. He wrote >Die Lampe von Diogenese> which was translated into English in 2008. Weishaupt fooled some historians, posing as a Freemason philanthropist, but not all.

Weishaupt was hell-bent on mass destruction. He allegedly led the Illuminati infiltrated Free Masonry and used it to eradicate government and Christianity.

Weishaupt at this time was smack in the middle of the Age of Enlightenment illuminated by such authors as

Prussian Germany's Immanuel Kant and France's Voltaire, Rousseau, Montesquieu, Diderot, and Condorcet.

To recruit for his quasi-masonic society that served as a cover, Weishaupt carefully picked and cultivated his philosophical army from Freemasonry membership known to be educated and influential members of society.

Their hidden goals were couched in professing to make human nature perfect through indoctrination to establish a communal merge with nature. Government and organized religion would be completely discarded. Presenting their system as pure Masonry, Weishaupt and Adolph Freiherr Knigge, who formatted the appropriate associated rituals, expanded immensely the Illuminati secret organization for purposes of revolution.

Just nine years later, an act of God, the story goes, cut short the Bavarian Illuminati's existence as a public group of Freemasons in 1785. Carrying copies of Weishaupt's literature, a messenger traveling by horse was allegedly struck and killed by lightning. What he was carrying was found out and delivered to the Bavarian authorities. Whether or not this account is entirely true, the authorities did obtain copies of Weishaupt's works and prosecute them. Hence came to the surface the preponderance of court evidence of the Illuminati plot for revolution. The Bavarian Illuminati was found guilty and forced into exile through multiple edicts by the Bavarian ruler Charles Theodore with the full support of the Catholic Church, in 1784, 1785, 1787, and 1790 which makes the existence of the Illuminati indisputable by most historians. The Bavarian rebels were vilified by conservative Catholics who claimed that the Illuminati continued underground as Freemasons and were influential in the French Revolution which started in 1789.

The Bavarian Illuminati boasted a membership of prominent intellectuals and progressive politicians. Ferdinand of Brunswick and the diplomat Xavier von Zwack, the Order's second-in-command, had been among them the most distinguished Illuminati. Weishaupt's Bavarian Illuminati chapter had attracted literary giants such as Johann Gottfried Herder and Johann Wolfgang von Goethe and the reigning dukes of Weimar and Gotha.

Many Illuminati groups had thrived on occult rituals and the basis of the communist doctrines of Weishaupt was not exactly innovative at the time. Weishaupt's genius, and later Marx's who would be hired some 70 years later to expand upon Weishaupt's work, was that they were able to organize occult destructive demonic principles into a relatively concise and shareable written system that could be distributed on international scales. The pretense was that land and wealth were to be shared equally, the reality was that land and wealth were to be completely appropriated by the state with the people becoming completely enslaved to communist leadership. Satan takes souls. If we define Satan as a symbol of the destructive forces forming the antithesis to the Christian God then communism applies Satanism to take not only souls in terms of complete demoralization and annihilation of identity but also wealth and the control of the labor force and government. With this definition, all communists, relative to Christianity, can be labeled Satanists. With this definition, one doesn't have to be sacrificing animals, babies, and virgins in Demonic rituals or participating in orgies afterward to be a Satanist.

Thus the Rothschilds, Weishaupt, Marx, Trotsky, Lenin, Stalin, Mao Sedung, Pol Pot, and Fidel Castro are justifiably labeled as Satanists. Mao Sedung and Stalin were sadists as well.

Nesta Webster pointed out what was needed to transform the theorizings of the philosophers into a concrete and formidable system for the destruction of civilization. Weishaupt and Marx served as the transformers for the horrors to come with up to 150 million people dying from communist regimes.

Born a Jew, raised as a Christian, but ending up as a young adult as a High Priest in a Satanic cult, Karl Marx had converted to Satanism after traumatic disillusionment with the one that ruled from above. This happened after attending universities--where he was undoubtedly influenced by his peers and professors.

A letter of February 10, 1838, to Karl Marx from his wife, allegedly included the terms "High Priest" and "Bishop of Souls" to refer to him. The Satanic cult term High Priest served as a term of endearment and respect by Marx's wife in referring to her husband.

Marx would lose three of his children, with two of his daughters committing suicide. His favorite, Eleanor, committed suicide after she was told by Engels about Marx's illegitimate daughter with their maid as Marx lay on his death-bed. She had a marriage approved by Marx to a known Satanist, Edward Epling, who lectured on The Wickedness of God and wrote poems praising the Devil.

Marx's writings suggest that he had made a pact with the Devil to overthrow God soon after his eighteenth birthday--and these deaths most likely solidified that pact. Marx would also suffer the deaths of three grandchildren.

***MARX'S BIGOTRY AND RACISM**

In his various writings, Marx railed against Jews, blacks, and the stupid boys, rogues, and asses of the Proletariat. He admitted that Jewish capitalists were behind the major wars for profit. He called blacks idiots and in letters was known to use the N-word excessively. The Jewish nig*er is the way he referred to rival Lassalle and poked fun at his kinky hair and elongated head and "pushiness."

Marx was in favor of black American slavery, arguing in a series of letters with Proudhon that North America, without it, would collapse and anarchy would rule the world.

***ROTHSCHILD FUNDING**

Many claim that Weishaupt was funded by the London Rothschilds, as was Karl Marx, specifically to draft up and organize a strategy for the communist revolution beginning in France and later Russia. Socialist movements already had seeped into Euro-Politics at the time of Marx.

Mayer Amschel Rothschild is often credited for the creation of the Illuminati. He employed Adam Weishaupt, a Crypto-Ashkenazi Jew who pretended to be a Roman Catholic. The Illuminati believed in the teachings of the Talmud which arose from the teachings of Rabbinical Jews. "Keepers of the Light" is Luciferian for "Illuminati."

On May 1, 1776, Weishaupt wrapped up his organization of the Illuminati. May 1 is a celebrated day for communists worldwide. The purpose of the Illuminati was to secretly form divisions between the non-Jews through economic, political, religious, and social avenues. The plan was for the non-Jews or "goyim" to fight amongst themselves, destroying governments, religion, and each other. Weishaupt adeptly penetrated the Continental Order of Freemasons with this doctrine of destruction and designated the lodges of the Grand Orient to be their secret headquarters. This is all accomplished under the orders and financial strength of Mayer Amschel Rothschild. The concept subsequently spreads itself into Masonic Lodges worldwide to the present day (1900.) Weishaupt also recruited 2,000 paid followers including, "The Synagogue of Satan," the most intelligent men in the field of arts and letters, science, education, finance, and industry. Freemasons would eventually number more than six million.

The Rothschild plan for the Bolshevik revolution was to finance and support it through Rothschild puppet Wall Street corporations such as American National Corporation and Wall Street banks such as Chase.

Russian Czars had snubbed the Rothschilds by not permitting them to implement a federal reserve type of central bank in Russia to control some of its vast wealth. The Rothschilds, in retaliation, swore to kill the Czar and his family and take over Russia.

The Rothschilds have been accused numerous times of being Luciferians. Amschel Mayer James Rothschild essentially confessed in a magazine article to joining an occult group in Colorado and spoke about the shining eye above the pyramid on the one-dollar bill. His occult group was part of the Lucifer Organization bent on nothing less than ruling the world. The eye of Lucifer himself looks through the famous eye in the pyramid. Personal dealings with the Devil are commonplace among the Rothschilds, they claim. What is most disconcerting is not that Satan-worshippers came to rule the world, it is the fact that any group came into such power.

***TROTSKY: "USA!" "USA!"**

In exile in the United States, Trotsky had been coddled, coached, financed, instructed, and escorted back to Russia with \$10 million in gold and thousands of America-trained mercenaries, apparently enough to catalyze a successful revolution.

One revolutionary method was to exploit leaders with monetary and sex bribery, and back it up with blackmail, especially with evidence for pedophilia, to obtain their control-- a method the Mossad of Israel employs today with the latest example of Jeffrey Epstein's sex island operation.

Communism was not about helping the working class poor or about sharing wealth and resources more equitably, it was about destroying Catholic infused governments and societies to steal their wealth and control any capitalistic competition for England, Germany, and the United States. The Jewish-based Bolsheviks murdered Nicholas and his family and stole his gold, shipping it to London and Paris for the Rothschilds to count and store. The Jewish Bolsheviks murdered Christian priests and burned Christian churches throughout the Soviet Empire--but left synagogues and rabbis alone.

communism was not only a system of empty promises to trick the commoners, but it was also a system to destroy the heart and soul of the commoners and their nations. In the case of the Soviet Empire, instead of oppressed peasants under the Czar, they became severely oppressed peasants under communism.

Weishaupt's designated program of destruction embodies the six following fundamental propositions which are basic principles of communist seen today in modern times. The communists sought to end all:

1. Government.
2. Inheritance.
3. Private property.
4. Patriotism.
5. Family.
6. Religion.

The idea was to destroy the current world to impose a new world order controlled by Western Jewish capitalists.

In summary, the Illuminati arose from occultists who plotted for world domination and who would use communism, the Masons, and the Jesuits to do it. Many historians credit the Illuminati for the French Revolution, the 1848 Revolution, the First World War, and the Bolshevik Revolution.

Others also credit the French Revolution for leading to Italian and the Spanish Revolutions, all from the efforts of Rothschild, Weishaupt, and Marx. Many cite Satanism as the underlying current of destruction. Cults of Satan flourished in Bavaria at the same time as illuminism and it would be hard to argue that they were not associated.

Brewing up discord from behind the scenes with Satanic or Demonic principles to foster class-to-class hatred was nothing new. The same type of blueprint to create angry mobs underlay killing Christ as stated in Acts 14:2.

Karl Marx, the recognized father of modern communism, was a copy-cat. He edited his teachings out of the writings of Adam Weishaupt. The views expressed by both men are identical at many points and Weishaupt stated them first. The first Communist Manifesto published by Marx in 1848 embodies both the principles and the spirit of the Illuminati. Therefore, what we know as communism today is the lineal

descendant of the same antiChrist conspiracy that brought about the French Revolution.

Weishaupt wrote do-gooder platitudes to be shared with his victims but bragged to his inner circle otherwise. He claimed that the Illuminati members after a couple of years of participation would acknowledge that the final goal was nothing less than to win power and wealth and to overthrow both secular and religious governments to dominate the world.

The brotherly love and sharing promised by communism was always a brain-washing form of delusion to trick a nation's poor into revolt against their oppressors. In the case of Russia, the final civil war that resulted in putting the poor and middle-class against their new communist rulers and their armies.

Weishaupt welcomed women into the Illuminati--but only as useful tools. He divided them into two classes. Virtuous women were to be one class, those who would command respect and legitimacy. The other class or "light women" were to please those brothers who had cravings for sexual pleasure. Both classes would provide for the Illuminati society. Anybody with money, and preferably fools, were most welcome.

Two checks for several thousand pounds each were made out to Karl Marx by Nathan Rothschild. They were once on display at the British Museum, which received them from Baron Ferdinand Rothschild's donated collection. Recall that Baron Amschel Mayer von Rothschild, known as a Knight of Malta, is believed to be the real Architect of the Bavarian Illuminati and had enlisted Weishaupt to do his bidding.

The global emancipation of the Jews just happened to decreed in 1791, just two years into the French Revolution. It was as if Mayer Amschel wanted to see if the Revolution was to be successful before infusing the Freemasons with Jews and revealing who had been behind the Illuminati all along.

A more immediate effect, however, was the resolution taken at the masonic congress of Wilhelmsbad — which was attended by Lessing and a company of Jews — that henceforth Jews should no longer be excluded from the lodges. At approximately the same time, showing the results of planning and intent, the headquarters of Freemasonry came to Frankfurt. Also the headquarters of Jewish financial power, and dominated by the Rothschilds--it was no accident. Other powerful and influential families are those of Oppenheimer, Wertheimer, Schuster, Speyer, and Stem.

Karl Weydemeyer, a friend of Karl Marx, is a prime example of a German communist who became a general in the American Civil War. Gustave-Paul Cluseret, a known communist and general in the American Civil War, came to France to help lead the communist French Revolution as the Red General. Capitalists from Germany, America, and England funded the Bolshevik Revolution in Russia. Communists and socialists Lenin, Trotsky, and Stalin were all financed by Western capitalists through the Rothschilds.

Friedrich Sorge, from Germany, who became the organizational leader of the original Rothschilds' communism construct, joined Karl Marx and Friedrich Engels and others in New York in 1872 to make it communism's capital.

Although their beliefs and agenda may be markedly different from some of their forefathers, they are, in essence,

a cartel of international bankers and industrialists based in Western Europe and North America.

***COMMUNIST PEN FOR HIRE**

After Weishaupt died in 1830, Marx was hired to update and refine communism theory by the League of the Just. *The Communist Manifesto* was published soon thereafter but it would be years before Marx became well-known as its communist author.

The League of Outlaws was formed in 1834 in Paris. Branching off from the League of Outlaws just two years later, the League of the Just, allegedly a front group of German immigrant artisans for the Illuminati supported by the Rothschild Family, positioned itself in 1836 as an international Christian organization bent on communist revolution.

Led by Friedrich Engels and Karl Marx, the communist Correspondence Committee absorbed the League of the Just in 1847 to become the communist League. Engels and Marx were to write the foundation of the communist League's political platform by organizing and expanding on Illuminati of Bavaria founder Adam Weishaupt's early work supported by the Rothschilds. Hence was born *The Communist Manifesto*, a book filled with economic theory and working-class predictions that would eventually fail, and would eventually be replaced by communists with writers such as Antonio Gramsci in Europe and later, Saul Alinsky in the USA. The violence of Marxism would serve as the psychological fabric for the forceful takeover of entire nations such as Russia. With the support of European and American capitalists, Marxist communism infiltrated Russia to install puppet Lenin just as Weishaupt's form of communism had infiltrated France to create Napoleon.

Marx and Engels had been used by the Rothschilds to mask their influence over Illuminati Adam Weishaupt-- the

true founder of modern communist theory.

***MARX AS A SATANIST**

Marx's original last name was Mordecai. An Ashkenazi Jew, Karl Heinrich Marx was born as Chaim Hirschel Mordechai. His parents were Henriette Pressburg and Hirschel Mordechai from Trier, Kingdom of Prussia and the child Karl Marx was born on May 5, 1818.

Government agencies pressured Marx's father to dispatch with Judaism and embrace Christianity when Karl was age six. This is cited as one reason for Marx's persistent effort to destroy everything related to, or erected upon, the Christian faith-- it had completely disrupted his life.

Another reason for the conversion was because Jews were banned from the opportunities of higher society.

Satanism arose from the certain tenets of the Judaeo-Christian faith. The main tenet or belief from religion that concerns Marxism is the concept of Satan. Other than the story of an angel being cast from heaven, Satanism represents destruction for its own sake. Satan, they say, wanted to destroy humankind and everything about it. Marxism, they say, wants to destroy a given society and everything about it and replace it with a communist State.

Marxism seeks to destroy its chosen adversary and recruits through an array of leaders and the minion proletariat to execute its plan. Satan and Marxists don't care about the means, only the result, but they both like to set examples.

Satan represents the antithesis to God. Satan, as Lucifer, wanted to be his own God. Today's Luciferians want to be their own personal God. Lucifer, the ultimate of God's

creations as the arch-angel of illumination or light was cast from Heaven to become Satan.

Lucifer rebelled against God seeking not only to displace Him but to surpass Him through a form of civil war in the heavens.

Marxists create the antithesis to their victims' society, encouraging and funding rebellion against current authority not only to displace it but to surpass it for complete control through a violent civil war. The word "Satan" is the English transliteration of a Hebrew word for an adversary in the Bible.

Marxism represents the antithesis of Christianity. Satan is the bringer of chaos. Marxism brings chaos in the form of social challenge, disruption, and disorder. Satan is the eternal destroyer. Marxism is also eternal, first in working to overthrow a government, second, in that if indeed it is successful, then it must implement Fascist enforcement.

God is selfless. Satan is selfish. God is sharing and giving. Satan is hoarding and taking. God is honesty, Satan is deceit. God is working together. Satan is enslavement.

God sacrificed Christ to save Humankind. communism sacrifices millions of innocent lives to make its leaders rich.

***REIGN OF TERROR**

The Reign of Terror during the French Revolution occurred from September 5, 1793, to July 27, 1794. With the burgeoning of civil war and the specter of menacing armies engulfing France, the Revolutionary government on September 5, 1793, declared a state of Terror to exterminate the enemies of the Revolution-- primarily priests, nobles, and hoarders. A wave of executions followed in Paris including those by guillotine and spread to the provinces.

Jacques Hébert and his followers were to de-Christianize France through murder. Maximilien de Robespierre led the Committee of Public Safety which employed dictatorial control over the French government. Robespierre was under the influence of Adam Weishaupt.

Suspects' rights to a public trial and legal assistance were greatly constrained or suspended altogether, and juries could only choose between acquittal or death-- not exactly the equality and fairness promised by communist doctrine. Approximately 1,400 people lost their heads, including King Louis XVI. Due to the corpulence of his neck, it took two drops of the guillotine to sever King Louis XVI's head which was immediately seized by a young guard and showed it to the people as he strolled triumphantly around the scaffold.

The crowd dipped pieces of cloth material into the king's blood that ran from the scaffold so they could keep them as souvenirs. Some allegedly sold locks of Louis XVI's hair as souvenirs.

Communism had catalyzed the barbaric beheadings of 1,400 people guilty of simply being Catholic priests, or nobles, or hoarders without due process. Communism, arising from anti-Christian and anti-government Satanic

principles, had reduced an entire French society to acts of heinous barbarism which stripped Humankind of its morality and lawfulness. A chaotic mess that failed to install a permanent communist state, the French Revolution succumbed to the monarchy of Napoleon who began to rise in power during the revolution itself.

Some revolutionaries like Robospiere met the same fate as those they had condemned, death by guillotine. The guillotine would not be officially banned until 1981 and its last execution logged in 1977.

If we accept the preponderance of the evidence that the French Revolution was primarily driven by the Rothschilds through the Illuminati and the Freemasons, that it would be naive to think that the same group was not influential in selecting and exploiting the new leader of France. The Napoleonic Wars would follow and France would conquer most of continental Europe sucking up its wealth and demoralizing its people.

Beginning with Bonaparte's coup, the Freemasonry would thrive, prosper and multiply for 15 years, multiplying the number of lodges and members.

A similar scheme with similar success and invasion of multiple countries would occur approximately 100 years later with the Bolshevik Revolution orchestrated by cryptic-Jews with the same playbook of torture, murder, and take.

The French Revolution was not pretty-- in fact, it was embarrassing barbarism. A terrifying conglomerate of decadence, debauchery, and wickedness only begins to describe it. Sadism was rampant. The so-called skinless pope propped up in papal robes as a greeter is a good example.

The blood-thirsty beheadings, the many other forms of murders, the decadence, sadism, debauchery, and general chaos and wickedness of the French Revolution would have been enjoyed by any Satanist--Adam Weishaupt and Amschel Rothschild not excluded. The Bolshevik Revolution was even worse in terms of the number of people killed.

***RICHARD WURMBRAND ON MARX AND SATAN**

If anyone knows the Satanic potential of a communist regime, it's Romanian Priest Richard Wurmbrand. He is the author of several books on the subject including >Marx and Satan> which had its sixth edition published in 1986.

Judging by his writings, Karl Marx became a Satanist by the age of 18. After attending the Universities of Bonn and Berlin, Marx wrote that he wanted to avenge himself against God. His early writings mentioned the name Oulanem which was a ritualistic name for Satan and he would write a poem by the same name. Marx called the Christian religion one of the most immoral of religions.

Marx was an expert in Satanic dialectical materialism which was a system of psychological inversion and extreme contradiction to be applied to the minds of the victims of a communist takeover. Dialectic materialism is the heart and soul of communism.

Satanists--and communists-- strive to do the opposite of whatever Christianity teaches. Marx countered Proudhon's book >The Philosophy of Misery> with his own >The Misery of Philosophy> and the phrase "the criticism of weapons" countered "the weapons of criticism."

Some of the best circumstantial evidence for Marx's Satanism comes from his writings of letters, his diary, poems, and dramas. Marx is obsessed with thoughts and musings about the Devil. One of Marx's most revealing dramas, written at the age of 18, is Oulanem which is a Satanic spelling inversion of the name Emanuel. The main character, assumed to be Marx, makes a pact with the Devil. Marx's diary suggests he was highly familiar with Satanic initiation rites.

More evidence shows up in a letter exchange between Marx and his father. His concerned father fears his son has been possessed by a demon from Marx's statements. Marx would tell his children long horrifying bedtime stories that would go on for months about selling possessions to the devil, even their fears themselves.

In addition to Freidrich Engels, Marx befriended many writers and philosophers from his university days forward. Marx first attended the University at Bonn. Then, at the University of Berlin, Marx was among the Young Hegelians who were German intellectuals writing philosophy concerning the works of George Wilhelm Friedrich Hegel after his death in 1831. The Young Hegelians drew on Hegel's tenet that the purpose and promise of history was the total negation of everything conducive to restricting freedom and reason. They formed radical critiques of both religion and the Prussian political system. Marx never graduated. Marx would eventually work as a journalist for 10 years, 1852-1862, for the New York Tribune owned by Horace Greely. His English was at first poor, and Engels ghost-wrote for him. Marx lived off Engels charity for much of his life, but at times received enough money to be in the top 2% of income for England when writing for revolutionary newspapers. Rothschild money is suspect and there are claims that Marx was a Rothschild third cousin.

A friend of Karl Marx, socialist Proudhon, worshipped Satan and wore the hairstyle characteristic of Joanna Southcott's sect, believed to dabble with both God and the Devil.

In his poems, it is clear that Marx is true to Satan and no longer to God.

Marx preaches that revolutionary terrorism is the most expeditious way to kill off an old society.

The American Revolution, for example, was fought for national independence, the French Revolution allegedly for democracy. Marx's goal is a permanent revolution that is filled with terrorism and bloodshed for revolution's sake. There is no purpose other than to usurp power through violence. Marx's communism is a prescription for murder and annihilation and is straight from any gangster's playbook.

***SUMMARY OF EVIDENCE THAT MARX WAS A SATANIST**

We defined Satan as the symbol of the destructive forces forming the antithesis to the Christian God. Communism uses Satanism to take not only souls in terms of complete demoralization and annihilation of personal identity but also wealth and the control of the labor force and government. With this definition, all communists, relative to Christian nations, can be labeled Satanists. One doesn't have to be sacrificing animals, babies, or virgins in Demonic rituals chanting Hail Satan and participating in orgies afterward to be a Satanist.

001 Marx's Communist Manifesto specifically attacked Christianity as a big part of what needed to be destroyed to establish a communist State. The goal was to destroy everything about Christian societies.

002 Marx received letters from his son with the salutation "Dear Devil." Marx's wife in letters referred to him as "Bishop" and "High Priest"--which is specific to Satanic cults. A letter from his father showed concern that Marx had been possessed by a demon. These letters suggest Marx was a Satanic cult member.

003 Although writing about Satanism doesn't make one a Satanist, Marx demonstrated his extensive knowledge of Satanic rites and wrote a drama about making a pact with the Devil.

004 To add to Communist Manifestos, Marx was hired to update Adam Weishaupt's work who was a prominent Illuminati, who were, in turn, occultists.

005 Marx wrote extensively that he sided with Satan over God, and had a personal vendetta against God.

006 Nesta Webster claimed that the cult of Satan flourished in Bavaria at the same time as the Illuminati whose ideology dominated Weishaupt's work.

007 Marx's economic theories were proven by history to be patently wrong, but his argument for violent terrorism and revolution resulted in up to 150 million deaths and untold suffering as part of regime change.

008 Marx had the motive to detest Christianity, it had forced his family, with a long history of rabbi members, to convert from Judaism to have a chance to succeed in society.

009 Marx was an expert in the Heart and Soul of communism, the art of Dialectical Materialism, that also underlies Satanism as the antithesis of God.

010 Marx had close friends who were admitted Satanists, such as Proudhon and Bakunin, who were in frequent correspondence with him.

Marx's prescription for never-ending violent revolution and destruction for the world alone meets our definition of Satanism which is bent on destroying Christianity. When we add in all of the circumstantial evidence from the documented writings concerning the Devil, and especially those of his family and close friends, it would be hard to argue that Marx was not an occult Satanist as well.

*COMMUNISM HISTORY AND ITS ACCELERATION IN THE UNITED STATES

COMMUNISM AND ITS COMPETITORS

Communism is the history lesson to be garnered from the 20th century. First burned into the history books from Germany, France, and key American capitalists, it cast its dark shadows over the Soviet Empire and Asia to engulf about a third of the world's population.

During a White House meeting regarding ISIS, after calling Nancy Pelosi a "third rate politician," President Donald Trump stated that the Kurds were communists and all of the Democrats must be very pleased about that. Trump labeling the entire Democrat Party as communists was not carried by the mainstream media.

The Turkish Marxist-Leninist communist Party (MLKP) has been sending volunteers to fight for the Syrian-based Kurdish Democrat Union Party which supports the Turkish Kurdistan Workers Party. The Turkish Kurdistan Workers Party is appropriately labeled as a terrorist group by the United States and is pushing for a Marxist-Leninist state in Kurdistan.

Opinion: Documentation confirms that many Kurds are communists and Trump is entirely correct. What is astounding is that Trump was bold enough to imply that "Democrats" are sympathetic with "communists." Trump is confirming what most of Washington D.C. will not, that the Democrats are led by communists. After Lindsay Graham in a news interview called the "Squad" a "bunch of communists," Trump said that they were at least "socialists" and maybe "communists." But this meeting revealed a blanket--and a most accurate-- statement about the entire

Democratic Party. Democrats try to keep their ties to global communism--and radical Islam-- secret since they have a better chance of winning seats as "socialists." Many of my books broadcast the details and proof of the Democrats' communism.

Communism is nothing to be taken lightly. To realize that some form of it, whether you want to call it "socialism" or not, now dominates the American Democratic party is downright frightening.

Communism continuously wars against humanity itself. Above all, it seeks the destruction of the human spirit to replace it with a communist one. The individual vanishes, God vanishes-- only the state remains.

Regarding the French and Bolshevik Revolutions, peaceful means of political and social reform could have been sought out to counter excessive imbalances in power and citizen conditions. Killing millions of people was not necessary, and did not work for a better society anyway. The real purpose behind the communist Revolutions was an attack by Askenazi Jewish businessmen, such as the Rothschilds, against Christianity and a global game plan to control all government and wealth. Read my book entitled >Satan's Socialist: The Legacy of Karl Marx> for the surprising early history of communism dating back to the mid-18th century. Communism and Satanism mirror each other as systems that work against Christian societies.

Communism continues to strive to abolish all religion and turn most of the world into political, social, and wage slaves, peasants, and serfs. Communism wars against human values, dignity, and morals. Not only amoral--communism is anti-moral.

Associated with millions of people starving, suffering, and dying, and driving multiple wars, Communism is the darkest shadow in human history. As many as 150 million people perished under its twisted ideology. Stalin and Mao rose to power through violence and sadism. Adopt the party line or take a beating and go to prison to be tortured-- or your deathbed.

Communist leaders preach equality, collectivism, and wealth redistribution as they continuously lie, deceive, cheat, and steal to usurp the land and wealth of nations. Wealth redistribution means the leaders take the wealth. They live like kings and queens while the common people become more impoverished and lose personal freedom. They have no concern for the environment or the fate of humanity and the planet over the long-term. They are animals with money and power from crime and violence.

Communists intentionally try to obliterate anything that resembles a middle class through over-taxation and over-regulation. They push for extremes in opinions and forbid opposition or a moderate stance. They push for constant "change" even though the change is detrimental to the people and represents yet another step closer to pure communism.

***WHITE HOUSE BRIEFINGS**

November 7, 2017, was recognized by the US government as the National Day for the Victims of Communism which marked 100 years since the Bolshevik Revolution that took place in Russia IN 1917. The Bolshevik Revolution birthed the Soviet Union and its decades of dark and oppressive communism. The communist philosophy, the White House said, is a political philosophy incompatible with dignity, liberty, and the prosperity of human life.

The White House also said that, over the last 100 years, totalitarian communist regimes around the world have murdered more than 100 million and exposed countless more to violence, exploitation, and devastation.

Using the pretense of liberation, communist rulers robbed populations of their rights of free worship, freedom of association, and other rights we in the United States deem sacrosanct. Citizens who were promised freedom were instead subjugated through fear, violence, and torture.

The Rothschilds enlisted Adam Weishaupt, pre-Marx, to apply communism for their global plans. Then they hired Karl Marx to edit and tidy up his work some 70 years later. For the Bolshevik revolution in Russia in 1917, communism would be used to eliminate Christianity but allow Judaism to persist. The Soviet Tsars had refused to play the Rothschilds' world domination game by not allowing Nathan Mayer Rothschild a reserve bank in Russia in 1815. Nathan Mayer Rothschild vowed in 1815 that his family would be behind overthrowing the reigning Tsar and killing all of his family--and it happened 102 years later. Approximately 66 million Christians, including thousands of priests, were murdered by Bolshevik Jews. Communism was used similarly in the French

Revolution beginning in 1789 to overthrow the elites from the Catholic Church.

Communism dangled the pretense and promise to share the wealth for a nation, but instead took control of its people, its wealth, and destroyed its religion. Communism would be perfected and generalized by Mao Sedung, Pol Pot, and Fidel Castro and others to commit genocide against any group perceived to be in opposition. In the end, for France, Turkey, and Russia, Communism meant death for Christians. Islamic-communism created by Russian influence was responsible for the 20-year genocide of Christians in Turkey beginning in 1894 which is discussed in detail in a later section.

It would come as no surprise that Ashkenazi Jewish communists in America with links to Russia would work against Christianity today.

***COMMUNIST ASSAULT ON AMERICA**

Using perfected techniques over generations of trial-and-error, communist leaders continuously and vehemently attack any opposition by exploiting real or imagined oppressor/oppressed and in-group-out-group dynamics. They often falsely accuse the opposition of racism, bigotry, or hatred or of what they are doing themselves. They intentionally increase racist and social divides and anarchy in the streets why they falsely accuse their opposition but doing the same things. They flood the streets with drugs and sexual temptation. They hire organizations like Antifa, which has been around since the 1920s as communist cells, and train and brainwash them to assault people that oppose them.

Communism flourished at one time in Germany, France, Russia, China, Cambodia, Vietnam, Cuba, and in the Middle East and Latin America.

Communist, centrally planned economies generally suffer from rampant corruption, inefficiency, and infection of lack of incentives. People don't want to work hard to support those who don't work hard or at all and the elite leadership.

Working to destroy traditional family life and values by promoting alternatives, communism seeks to take over the birthing and raising of children. The communist strategy is to first destroy with violence and abuse the entire social fabric of a nation and to replace it with a politically correct communist one. There is no need for argument or debate, it is the communist way or the highway, or death, or imprisonment.

Communism is essentially Gangsterism that exploits other ideologies including religion for added control. For

example, in the 1920s and 30s, the Soviets introduced the concept of terrorism to Islamic regimes. Taking advantage of their natural religious sense of supremacy and hatred of infidels, they spurred the Islamics into committing acts of terror. Communism has penetrated Palestine and Iran and other Arabic states.

Communists deify their leaders even though they are often mass murderers. Communism is an ideological, fanatic thug represented by a guy who comes out of a mansion to rob more poor people of their rights, thoughts, Identity, and money.

***COMMUNIST TECHNIQUES, POLICIES, AND GOALS**

SAUL ALINSKY

In the 1980s, Obama conducted workshops on the Saul Alinsky method of communism based on the book *Rules for Radicals*. Communist Obama also worked with ACORN which was the Alinskyite grassroots political organization that would fall into a corruption abyss. Obama's solutions centered around begging for government funding to solve troubled communities' problems which were catalyzed by the same government's policies in the first place that helped break up traditional family structures--for example, expelling fathers from the home.

Alinsky had been a pivotal force in American life during the radical and revolutionary 1960s. As Richard Poe and David Horowitz report in >The Shadow Party.>: "When President Johnson launched his War on Poverty in 1964, Alinsky allies infiltrated the program, steering federal money into Alinsky projects. Senator Robert Kennedy allied himself in 1966 with Cesar Chavez, one of Alinsky's disciples. Starting in 1952, Chavez spent ten years working for Alinsky. Do you think Chavez was not a Democrat operative and asset?

Even John F. Kennedy drifted into Alinsky's sea of influence. After Alinsky incited race riots that shook Rochester, New York, Alinsky pounced on the city to pressure Eastman-Kodak, a-la-Jesse Jackson, to hire more Blacks. Kennedy supported Alinsky's Jacksonian shakedown for Black votes.

Alinsky's disciples include Bernie Sanders, Barack Obama, Cesar Chavez, Mike Kruglik, and Hillary Clinton. Three of the current Democratic Party's top leaders, Barack

Obama, Bernie Sanders, and Hillary Clinton are blatant Alinskian communists.

Although Obama never personally encountered Saul Alinsky who died in 1972 when Obama was in Hawaii at age 11, Alinsky's writings and followers impacted the young and ambitious Marxist destined to be President and gave him a blueprint for "change"-- the official Alinsky code word for progressive communist and socialist revolution. Three of Obama's mentors were Alinsky disciples, including Mike Kruglik, who would characterize Obama's mastery of the Alinsky methods.

Opinion: Obama combined Alinsky's principles with his skill in oratory to become a master manipulator for community organizing through the spoken word. Community organizing was really about fomenting discontent and bigger divides to attract votes and government funding that could be abused for profit. The community was not intended to help the communities much at all. It was a promise, an illusion, a manipulative, sickening scam by frauds including those posing as "ministers" of God--any real solution would kill the communists' power draw.

His approach to social justice spawned raw conflict to mobilize the dispossessed against real or imagined oppressors.

Not many authors praise Lucifer in their book dedications as Alinsky did in >Rules for Radicals.> Satanism, Luciferianism, and communism all have in common the act of rebelling against the Christian establishment to steal its power and possessions. "Comrade Lucifer" was a big success--but his prize kingdom won was Hell. Alinsky was yet another communist charlatan targeting gullible, easily manipulated people for the Democrats.

Alinsky, steeped in historic communist beliefs, thought that the very first step, as Obama studied and later taught, in community organization was community disorganization. All current structures must be dismantled if they are to be replaced by a set of new ones. All change meant disorganization of the previous and organization of what would replace it. "Change" became Obama's "go-to" campaign slogan and his Deep State Gang managed to swindle the gullible minds among Americans that any change would be a positive one.

Opinion: The communities that were susceptible to the child-like pretense of communism were already disorganized in their failed state. Alinsky, Inc. worked to disorganize them more--catalyze a rebellion or revolution--and then use them to gain personal wealth and political power. Then they would leave them in the same sorry state, or worse until they were needed again for the next election cycle.]

Alinsky preached how to create and thrive in a corrupt world with blood in the streets.

Opinion: Alinsky is preaching what communists like Weishaupt and Marx had preached centuries ago, to act continuously to destroy and "disorganize" what has been built and organized over decades or even centuries. Acknowledging the historical facts that communism has resulted in massive Human rights violations, deaths, and wealth destruction, communism is but a parasite that only wants to destroy its host and has no real plan to replace it with something better. It is a criminal simpleton's task to destroy what one sees in front of him or her and work to steal its wealth or possessions. Communists don't add to society, they tear it down with no evidence or track record for something better for an entire society. By definition,

communists must suppress Human rights, including those of free speech, to maintain their fascist state.

Opinion: if one writes communist policies, preaches them, and encourages infiltration into all of society with communist agendas, one is a communist. Alinsky was undercover, he did not want to advertise that he was a communist lest it hurt his cause.

Alinsky claimed that the many problems of the urban poor were environmental and not inherited. He believed people could alter their lives by altering their surroundings through community organization. Alinsky sought to turn the wrath of America's poor and middle class against large corporations, not to better their lot, but to steal the large corporations' wealth.

"Organizing" and "change" were codewords for "revolution." The ultimate goal was the systematic acquisition of power by an alleged oppressed portion of the population to radically transform social and economic structures in the communists' favor. Burping up enough public discontent, confusion about morality, and outright chaos in the streets and Washington D.C. would eventually catalyze the social upheaval that Marx, Engels, and Lenin predicted. The result would be a revolution against the current system that would be perceived as fatally hopeless. An entirely new communist system would rise from the ashes to take control. The communists would parade confident and charismatic comrades that had programmed the masses to follow them. They would instigate the need for "Change."

Opinion: if you take a good look at most communist societies around the world, they are filled with corruption, discontent, underemployment, lack of proper education,

crime, and inefficient government. Blame it on Human nature, not capitalism, and the stealing of wealth and resources. Alinsky was not innovative or original, he mimicked Antonio Gramsci who is still followed by the Democratic Socialists of America and Europe today.

Opinion: communism promises to take from the "Haves" and give to the "Have Nots," but, instead, whatever is valuable is stolen and controlled by the communist leaders. In other words, Alinsky, like all communists, promotes stealing by force--mass robbery through psychological manipulation of the masses to revolt against their employers and government. The masses never seem to advance for long, communist leaders usurp the wealth instead. It is alarming that hiding amongst the Democratic Party are communist forces that want to follow the footsteps of Lenin, Stalin, and Mao Zedong which led to mass torture, murder, and starvation.

Opinion: Alinsky was ignorant of the world and its history. Decay, crime, bigotry, disease, and demoralization were rampant in societies long before the spread of formal capitalism. The problem is one of Human exploitation by Humans to advance one's genes and gene pool at the expense of others. Communism is but a different flavor of exploitation--one that is harmful to a society's potential and system of Human rights. Communism promises liberation but historically has delivered forced slavery. Recall the government's state-controlled farms in Stalin's Russia that led to the slavery of the peasants and mass starvation so Stalin could buy weapons. The farmers farmed but were not allowed to eat what they had farmed. Providing equal opportunity for advancement and laws to protect those opportunities is much more productive than just tearing an entire society down to create Anarchy.

Communism installs local leaders as the officers of community organizations to aid in giving them authenticity. Creating front organizations that were allegedly led by non-communist fellow-travelers, but which were controlled by Party members behind the scenes, is another communist guise.

Opinion: again fooling the people--so that they don't know their communist leaders are communists but instead appear to be like them. More lies and manipulation, not exactly a practical long term solution for social reform. "We will work to keep you oppressed, but promise to end your perceived oppression at the same time to exploit you for what we can" is what Alinsky and friends are saying to communities to "organize" them, often inciting riots.

What kind of leader is this? One who proposes tearing society up and recommending manipulation of the masses to achieve results beneficial to communist leadership? One who recommends agitating and encouraging discontent to the point of inciting riots and destruction? Alinsky was the ideological leader of the Democratic Party?

Alinsky places community organizers on pedestals, calling them the highest level man can ever reach, effectively playing God. Alinsky demonstrated his delusion of self-importance and his obnoxious egoism. Following Marx's and Alinsky's teachings, Obama, who had said that he wanted to be the "most powerful man in the world" wanted to play a character more like Satan than God. Obama became the epitome of the Marxist and Alinskyian ideal first suggested by Weishaupt. Obama became a Master Manipulator who wanted to tear down America and steal its wealth, not caring what was left in the rubble. Obama wanted to further divide towards a civil war. Community disorganizing that would mandate bloodshed to organize

once again is a prescription for horror befitting more of a Devil than God and this is verified by communist history in France, the Soviet Union, China, Cambodia, Venezuela, and Cuba.

According to Alinsky, the organizer must not only establish a unified front against a named enemy but must single out a persona fit for the blame. In other words, there must be a face associated with what the people need to revolt against. That face, Alinsky taught, must not be an abstraction or mere concept but must be a group of people, or preferably, a single person. Alinsky liked to single-out someone like a governor, a prominent CEO, or, better yet, a president.

Opinion: Trump is the fact that the communists have “singled-out” as responsible for anything wrong, to stir up the people into a hot, steaming pot filled with revolution.

Like Pavlov’s dogs, Alinsky contended that the organizer’s job was to instill in people’s hearts a deep emotional response to the face of the enemy. Alinsky stressed the need for organizers to convince their followers that the divide separating the Community and its enemy must be beyond resolution without revolution. Communists don’t seek peaceful coexistence or compromise, but, through eternal war, annihilate the enemy through the infiltration of the enemy’s system.

Opinion: Alinsky preached how to deride, denigrate, goad, laugh at, provoke, and ridicule the enemy--these are Alinsky’s and the Democratic Party attack techniques. These are not fun people to interact with.

Alinsky spent time working with the Chicago Mob and made a friend in Al Capone himself. Alinsky learned the

intricacies of the Mob's operations. The Mob played a major role in bringing Obama into office. Alinsky's writings and teachings essentially took the communism of Lenin, Stalin, and Antonio Gramsci and adapted it to exploit America with "Chicago-Style" Mob enforcement beginning with local communities. Communism became modified Gangsterism in America with a commitment to turning societies upside-down and inside-out, to eternal chaos, destruction, and Anarchy. Crime runs rampant and its profits go up during Anarchy. Alinsky wanted constant wars for power and money towards a "communist Utopia" that was promised but never seemed to show any hint of arrival and instead historically led to catastrophe for entire nations. As far as Human rights are concerned, there is no such thing as a communist Utopia.

Here is a summary of communist techniques and policies, including those of Marx and Saul Alinsky:

- 001 Create social unrest, violence, chaos, and discord.
- 002 Terrorize.
- 003 Call hateful names
- 004 Call people racist, bigoted, or Islamophobic to shut them up.
- 005 Lie to advance the agenda and to confuse the opposition.
- 006 Steal as much government money as you can.
- 007 Abort American babies, even full-term, and bring in immigrant illegal kids to replace them.
- 008 Use sympathy plays to get what you want. "Poor children in concentration camps."
- 009 Blame Trump, Republicans, Patriots, and Nationalists, or Whites, for everything.
- 010 Trash America constantly.

011 Flood America with powerful and addictive drugs to weaken it.

012 Trash Christianity and every religion except Islam

013 Deify communist leaders

014 Dupe liberals as much as possible to follow along.
Increase any racial or social divide to create discord.

Communist Policies

015 Get as much control as you can away from private business and into the hands of the government.

016 Bring in as many non-White immigrants and White communist immigrants as possible

017 Abort non-democratic destiny babies. Support, with taxpayer money, all babies and children will turn to be Democrats later in life.

018 Engage in plantation politics by providing money and services to oppressed groups for votes but work to keep them oppressed.

019 Promise free tuition so the government can control the educational system, and to attract more immigrants and votes.

020 Over-tax and over-regulate the middle class into oblivion.

021 Promise free healthcare so the government can control health care, which is 15% of the economy, and to attract more immigrants.

022 Abolish ICE and homeland security to bring in democratic from voters and to create civil unrest, anarchy, and chaos.

023 Work to infiltrate and control media including news and entertainment.

024 Control judges who can stifle the legislative process and its execution.

025 Work for alternative justice systems in the courts in favor of Democrats

026 Promote LGBTQ, who are already protected by civil rights law, to destroy traditional families.

027 Fight to destroy nationalism and populism.

028 Work to control as much real estate and land as possible.

029 Work to brainwash the minds of youth as early as possible, and use the schools and churches.

030 Cite historical racial injustice to make money, business, and resources away from White Republicans.

031 Pose as community organizers to recruit votes and money from minority communities.

032 supports global warming legislation that allows the government to take over more business and wealth, and to steal more taxpayer money.

033 Emphasize the need to raise children away from the negative influence of parents. Blame bias, psychological problems, and retarding of children on parents. Hillary Clinton specifically claimed that the state should raise the children.

034 Create and maintain the illusion that violence and insurrection are part of American tradition.

035 Stipulate that students, which the communists easily manipulate, and designated special-interest groups should force societies to change--to revolt.

The fundamental problem with communism or any system in power is a false assumption that they know what is best for the planet. They don't.

Another fundamental flaw from history is that whenever communism has taken control it required means of enforcement to its rule which often took a fascist or totalitarian tone of intolerance. Beatings, imprisonment, and murder became standard communist means of control of the people who had their rights stripped away with their wealth.

Goons with sticks are no longer representative of proper leadership for planet Earth.

I don't think many people can claim to fully understand three and a half billion years of evolution of life, our place in the universe, and what is an optimal trajectory for the human species. People who cannot name the three branches

of government should not be in positions to control our destiny.

***COMMUNISM AND THE DEMOCRATIC PARTY**

The Soviet communist Bolsheviks in the 1920s promised free education, universal health care, social-security-type benefits, the right to work, the right to have housing, and increased rights for women. Stalin reversed or blocked such policies in the 1930s.

As stated on their website, the Democratic Socialists of America have a platform of free education, free medicare for all, affordable housing for all, democratically (fascist) controlled workplaces, and an end to gender oppression.

Modern Democratic Socialists have added more promises, but the core platform is identical to the communist Bolsheviks of the 1920s.

***BLACK SCOTTSBORO BOYS 1931: BEGINNINGS OF COMMUNIST RACE BAITING**

Ages 13 to 20, nine African American teenagers from Alabama In 1931 tussled with some White teenage boys on a train. After the incident, two White girls alleged that they had been raped by some of the Black teens. It was not true, and in fact, the girls were prostitutes.

Two dozen teenagers, Black and White, were 'hoboing' on a freight train traveling from Chattanooga to Memphis. The White teenagers lost the fight and jumped or were forced off the train by the Black boys and passengers. They reported that they had been attacked by a group of Black teenagers to a sheriff. The sheriff deputized a posse, and stopped and searched the train at Paint Rock, Alabama, and arrested the Black Americans. A couple of White women, also young, came forward to the authorities saying that the Black boys had raped them on the train. Three trials, all rushed, and biased, ensued, with the first trial in Scottsboro, Alabama. Legal counsel for the boys was poor to worse. All of the Scottsboro boys were convicted of rape and sentenced to death, except for Roy Write, age 13. The common sentence in Alabama at the time under Southern Democrat rule of law for Black men convicted of raping White women was death, even though, in this case, medical evidence suggested that no rape was committed.

The Scottsboro boys earned a national spotlight. Racism and the right to a fair trial were the key issues. A lynching mob formed before the suspects had been indicted. The juries were all-White, the trials rushed, and angry mobs disrupted proceedings. The Scottsboro boys case is historically labeled as an example of a miscarriage of justice in the United States legal system.

The Soviet-sponsored communist party USA seized the opportunity to exploit the classic case of perceived oppression by an in-group over an out-group, in this case, White over Black. If they could render support to the unfairly accused and treated Black Scottsboro boys and get an appeal, they could gain a strong foothold in the Black community. Before Scottsboro, the communist party USA existed in relative obscurity. but after they were successful in getting an appeal and getting at least some form of Justice, they became much more well-known and successful. From then on the Communist Party USA launched a very successful national effort in the Black community to recruit members.

The Communist Party USA was integral to the labor movement starting in the 1920s that had formed some of the first unions.

McCarthyism and the Second Red Scare caused CPUSA membership to wane. The CPUSA's position against the Truman Doctrine and the Marshall Plan was not popular. Henry Wallace, the CPUSA's candidate for president, did poorly in the 1948 presidential election. Public and continuous support for the Soviet Union created a divide with other factions of the Left in the 1960s.

The CPUSA, although they did a good thing in helping the Scottsboro boys to get more fair treatment, were doing it for Black votes. They would parlay the Scottsboro Boys fiasco into growing the communism movement in the United States to target Black communities. The Soviet driven communist strategy In the United States, instead of trying to reduce racial divisions, was to increase them, to get the support and votes from Blacks and other perceived oppressed minorities and labor groups. The communist strategy demonized Whites as evil oppressors and capitalists that must be overthrown in favor of a system where wealth is shared by everyone.

This communist system, almost 100 years old in the United States, was the same system used by Obama in his community organization in Chicago. The Deep State plan was to use a perceived Black man, Obama, to manipulate the Black population and other minorities, to vote for communist candidates like himself.

***DIFFERENCES BETWEEN DEMOCRACY, CONSTITUTIONAL REPUBLICS, COMMUNISM, SOCIALISM, AND FASCISM**

***DEMOCRACY**

Democracy is allegedly government by the people, exercised either directly or through elected representatives. In a constitutional Republic, the rulers are elected, but the rules are set down in a written constitution. The head of state and other representatives are elected but do not have uncontrolled power. They allegedly must abide by the constitution--but often don't. In the United States, we elect representatives who are supposed to represent their constituents and protect the constitution. However, as we will see in our discussion of Deep States, this is generally not the case. Elected officials such as Congress act instead on behalf of mega-donors, foreign or domestic, including large national and multinational corporations. The constitution is disregarded or ignored if a court case arises.

***COMMUNISM**

Communism is an ideology and system of government in which the state plans and controls the economy and an authoritarian party, which is “elected” or not elected, exercises power to shape society in its favor. Communists deny the individual in favor of the State, crushing creative individualism and individual rights. The communists claim to make progress toward a social order in which everybody is equal, a form of a classless society in which all goods are equally shared by the people.

Historically, corruption is there from the start or sets in quickly, and the rich get richer, and the poor get poorer, as classes invariably persist. Obviously, in communism, some people are more equal than others. Communism continuously hunts for new nations as victims to exploit and justifies genocide against any opposition.

Because classic Marxism had failed from an economic perspective, the communists had to switch to infiltrating cultures, schools, and churches from failed physical revolutions. They could not change capitalism, so they switched to trying to change cultures so they would be more agreeable to communism. The writings of communists Saul Alinsky, Herbert Marcuse, and Antonio Gramsci were first at Columbia University and then spread to the university system to have a major impact on American society and especially Black society.

The Democratic Socialists of America (DSA) and communists from the EU have adopted and promulgated the philosophy and suppositions of the late Italian communist Party theoretician Antonio Gramsci, an Italian Marxist and journalist. Mussolini imprisoned the young communist

author who was known to bang his head on his cell wall to deal with as many physical and mental ailments.

Rather than a communist State achieved through a violent Marxist revolution overnight, Antonio Gramsci argued for the spread of communism by a slow incremental infection of the key institutions of a nation. Thus the educational systems, the theater and movie industry, the religious institutions, the media, the courts, the labor unions, and at least one major political party would eventually succumb to the communist disease. Infected institutions would align to make it easier to infect others.

Communism, as originated by Italian Antonio Gramsci and followed by the Democratic socialists of America and modern EU communists, has already infiltrated communism into all aspects of society. "Universal Gramscism" is an apt term. With the likes of the FBI, CIA, and NSA, we all are monitored by a communist Orwellian Big Brother.

This communist movement which arose from Columbia University was the source of the "political correctness" propaganda which worked to constrain all forms of opposition to the communist agenda. The Left's "Safe Spaces" neutralized challenges to identity-politics. The writings of Herbert Marcuse, like those of Saul Alinsky, emphasized the suffering through racial and ethnic identities, appealing particularly to the Black community. This led to the Black civil rights movement applying Marxist Black liberation theology. Some vulnerable populations tend to be too trusting of their leaders and succumb to manipulation for votes, demonstrations, protests, or to get money from the government.

Communism has reached such critical mass in the United States such that it controls a majority of the mainstream

media. This kind of control allows it to originate and perpetuate “fake news” to achieve its agenda. The classic example is the shooting of Michael Brown in Ferguson. The evidence, including eyewitnesses and forensic evidence, shows that Michael Brown had attacked a police officer and was rushing the police officer when he was shot. Yet Elizabeth Warren and Black activists insist that he was innocent and had his hands up when he was shot. They use this lie supported by the mainstream media to discredit the police force as racist.

The essence of Marxism was that conflict is good and leads forward for its evolution. Dialectical materialism is the “Living soul of Marxism” In which its practitioners identify incumbent beliefs and practices of a society, then attack and contradict them, often within inversion, and eliminate the middle of the road positions. Communists believe that conflict leads forward. Communism continuously incites conflict to achieve its goals.

***SOCIALISM**

Socialism is communism in disguise. It is based on a government that controls the means of production and distribution of goods that are supposedly owned collectively by the people. Instead of a free-market capitalist economy, the centralized government plans and controls the economy. Socialism and communism are terms that are often used interchangeably. Socialism is a form of adolescent communism in that a full progression will result in a communist state. Socialism was not meant to be permanent, but rather a tool to establish a communist or authoritarian state through first seizing control. Power and wealth distribution would be promised to the people but not delivered. Once in control, the leaders could destroy whenever they wanted to: society, culture, religion, individual identity, or morality.

Socialism is a form of dictatorship. The government seizes control of society with the game-plan to destroy morality, tradition, religion, core beliefs, the family, and the financial systems. Independence from the government is to be non-existent.

Like communism, socialism quashes creativity and motivational drives of free-market capitalism, stifling the potential of a nation. Both work to demoralize a population, to break their spirit, obliterating resistance. Like communism, socialism often results in corrupt leadership at the top, usurping most of the wealth. Think Venezuela. Socialism is a political compromise and a more acceptable name for communism when it is challenged by the people and the current government.

***FASCISM**

Fascism exalts a nation and/or race or religion above the individual and is anchored by a centralized autocratic government run by one leader or “gang” of leaders. Constraining social and economic development is the norm. Fascism is best known for its forcible suppression of opposition, and the classic examples are Mussolini's Italy, Hitler's Nazi Germany, and currently the Democrats USA. Think also of the Arab World.

As we will discuss soon enough, the American Transnational Deep State combines elements of different ideologies, different forms of economies, and governmental philosophies to best adapt it's governance and exploitation worldwide. It publicly declares its puppet government as a Democracy or the Constitutional Republic, but the reality is that the shadow government in control is more like a fascist transnational Oligarchy dictatorship that exploits as many forms of ideologies, including democracy, socialism and communism, and governments as it can.

Hitler and Lenin's famous four-step process for the extermination of an out-group.

1. Prejudice and dehumanizing
2. Scapegoating
3. Discrimination
4. Persecution

Prejudice results from unreasonable, and even delusional hostility, opinions, and attitudes against out-groups with the intent to create hatred. Islamic communist Democrats call Trump supporters ignorant, racist, Islamophobic, xenophobic, and bigoted. Some accuse Jews of hypnotizing the world and being "all about the Benjamins" as they use

the money to influence our government. According to Islamic communist Democrats, Jews murder Palestinians unjustly. Communists attack Christians for their right-to-life stance on abortion. Dehumanizing casts the opponent into something that is psychologically easier to abuse or harm them.

Scapegoating means making an out-group bear all of the blame that is often misguided. Hitler blamed the Jews for just about anything bad or that had gone wrong. Communists blame Trump and the Republicans for just about anything bad or that has gone wrong. If America has a problem it must be, according to the communists, because of the Republicans, Christians, or our Founding Fathers.

Discrimination is making a distinction or treatment, in favor of, or against, a person based upon a perceived in/out-group. It is the legal codification of positive or negative prejudice. The Third Reich enacted laws against Jews. Thanks to the efforts of the Islamo-communists in Britain led by the Muslim Brotherhood, "Islamophobia" can be a crime. Our anti-discrimination laws are good- so far- but discrimination in-laws can be hidden or indirect.

Persecution is the organized and systematic mistreatment of a perceived identity group that leads to violence, rape, and murder, and culminates in genocide. Hitler's Nazi regime beat, tortured, and killed millions and took their land and property. Communist Angela Davis, in the same circle as Jussie Smollett's mother, Janet Harris, Ilhan Omar's idol, praised Lenin for doing the same.

*ORIGINS OF ISLAMIC COMMUNISM AND TERRORISM

Islam played a major role in the three waves of violence that wiped out Christians in Turkey. Turks who went out to invade Christian villages and murdered with axes and knives and raped were programmed by the belief that they were killing infidels who were by definition dangerous to Islam and the empire. Making a uniform Turkish society suggested doing away with diversity. Killing all of the Christians made Turkish society less diverse.

The Turks had fallen under the influence of the Soviet communists who claimed that violence was a necessary means to achieve the goal of eliminating opposition. Communists took advantage of primitive Islamic mindsets of supremacy and religious intolerance to motivate the slaughter. This atrocious genocide of Christians was the first major mass murder manifestation of Islamo-communist terror. The Rothschild Globalist Plan was to pit Muslims against Christians to weaken both sides and favor the Jews.

Turkey's Erdogan had a one-on-one meeting with Ilhan Omar in New York without press coverage. Erdogan's goal, in alliance with the Muslim Brotherhood, is a new Ottoman Caliphate. Ilhan also met with a communist group in Latin America, Witness for Peace. Ilhan, as a Democratic Islamic communist spokesperson, is to be a good puppet and spew, through scripts written by professionals, appropriate and targeted propaganda to help destroy American capitalism, individual rights, and freedom.

Moscowitz writes that deception and secrecy form two major vertebrae of communism's backbone anchoring their efforts to overthrow governments. communism's agenda is to secretly foster enough social disruption and chaos to

create “change” towards goals of ending free-market capitalism, individual rights and freedoms, and Christianity.

Remember Democratic Islamo-communist Obama’s “Hope and Change” mantra? This disruption requires constant violence and conflict as we saw with Black Lives Matter, Antifa, and MoveOn. In Dreams from My Father, written mostly before he realized the Democratic Islamo-communists could really make him president and was just shooting for Mayor of Chicago, spoke about "Plantation Politics." Democrats grant social welfare and other forms of “free stuff” in return for votes but manage to keep the majority of their constituency permanently oppressed and needy.

***MASKS AND ORWELLIAN DOUBLESPEAK**

Communists continuously mask and veil their intentions. Antifa, the double-speak term for "Anti-fascist," is a fascist organization of mostly paid goons. Like Mussolini's Black Shirts or Hitler's Brown Shirts that spawned conflict and violence and assaults against anyone of an opposing view, Antifa originated in the communist Soviet Union near the start of WWI.

Another example of doublespeak: "Islam is a religion of peace and tolerance," a statement made by Obama, was really "Islam is a religion of war and intolerance."

Hillary Clinton informed the world that the Islamic religion has nothing to do with terrorism, when, in the modern world, most acts of terrorism are justified by Islamic radicals. In this sense, Islam has everything to do with terrorism.

Communists must dupe or force the people to comply, keeping their plans secret, because the only ones who would want a communist regime are its potential leaders and top brass. They usurp power and wealth from the masses who get poorer as they lose rights and freedom.

Thus Ilhan Omar, Keith Ellison, Nihad Awad, Barack Obama, Hillary Clinton, Susan Rice, Vallery Jarett, John Brennan, Rashida Tlaib, Nancy Pelosi, AOC, and Erdogan and hundreds of thousands of others are among the secret agents of the Transnational Democratic Islamo-communist Deep State which influences approximately 100 shadow governments worldwide and is headquartered in Cairo and the Muslim Council of Britain.

The communists in the United States often disguise themselves as "Social Democrats" instead of "communist Democrats" which sounds more threatening because of the atrocities committed by communist tyrants Stalin, Kim Jon Un, Pol Pot, the North Vietnamese, Fidel Castro, and Mao Tse Tung.

If they want to be called "Social Democrats" to veil their true agenda, then we should be sure to call them what they are, "communists." Communism is the end goal for Socialism. The rulers become rich as domineering Czars and Oligarchs, and everyone else is a peasant for exploitation.
